POSSIBLE WITNESS — Suzanne Mulkey shies from the camera as she enters Marin Superior Court, shepherded by friends. Jurors Excluded While Victim's Daughter Tells Of Murder News

By STEPHEN COOK

The 19-year-old daughter of the late Shirley Ackley testified today that she first learned of the killing of her mother and father from the two men accused of their murders.

Suzanne C. Mulkey, a pretty girl fond of heavy makeup and bouffant hair styles, was called to the stand in a hearing, closed to the jury, in the trial of Kenneth Allen Preston.

Preston and Johnny Lee Sommerhalder, 24, both members of a Santa Rosa motorcycle gang, are accused of killing Curtis and Shirley Ackley in their Santa Venetia trailer house Jan. 12.

In a hearing called to determine the admissability of her testimony, Mrs. Mulkey told Judge Joseph G. Wilson that she first learned of the deaths of her parents Jan. 13, in Preston's bedroom at a Santa Rosa cabin. She recounted for the court her conversation with the two men.

Preston's attorney, Edwin Verzyl on cross-examination drew from Mrs. Mulkey an admission that she had on other occasions denied any knowledge of the murders the day after they were committed.

Today's testimony, Verzyl said, differed from her statements at Preston's preliminary hearing, which was held behind closed doors. The hearing transcript was sealed by the court.

Judge Wilson was to decide this afternoon whether he would allow Mrs. Mulkey to give her testimony before the jury.

Yesterday, a relative and friends of the Ackleys paraded to the witness stand in Marin Superior Court to testify against Preston.

HEARING ENDS

Jury To Determine If Herrera Insane

A superior court jury was to make this afternoon the decision on the sanity of Joaquin Herrera, the diminutive, 23-year-old El Salvadorean charged with the execution-like killing of a young soldier.

In a closing argument to the jury today, Deputy Dist. Atty. Ernest C. Zunino charged that the reports of the psychiatrists who found Herrera insane were full of inconsistencies, and were inadequately prepared.

He said that one psychiatrist, who at first had found Herrera perfectly able to cooperate in his hearing, later decided that Herrera was insane, on the basis of reading a report by another psychiatrist.

But Herrera's counsel, Deputy Public Defender Harold J. Truett, told the jury that, on the contrary, the psychiatrists had been precise in describing the nature of the subtle delusional illness — paranoia — from which they say the El Salvadorean suffers. Herrera is extremely bright, said one of the psychiatrists, and was able to evade in a first interview the key questions which would expose his illness.

Truett told the jury that it had been "quite an experience" representing the tiny murder defendant. Herrera, who contends that he is sane and would rather risk the gas chamber than be put away in a mental hospital, has usurped much of his own defense, putting himself on the stand for two days of testimony about his life and the way he looks at things.

If found sane, Herrera, 23, of San Rafael, will have to stand trial on a charge of slaying Sp/5 Ronald L. Washburn, 20, who was found handcuffed and shot to death behind a San Rafael apartment house Jan. 10.

Herrera was the last witness yesterday taking the stand again to amplify the preceeding testimony of a young Sunday school teacher from San Francisco.

Mrs. Minerva Olmstead, a small, dark-haired woman, was called as a witness by Truett at Herrera's request. The woman said she had known Herrera since 1966 and was "amazed at his brilliance."

BUDGET MUST BE CUT

Lid On Mill Valley's Taxes

By ALAN JONES

The City of Mill Valley cannot legally levy the $3.338 tax rate required to finance City Mgr. Bert Balmer'a proposed $2,276,746 budget for each fiscal year.

To reach the $3.338, Balmer included a general fund levy of $1.204 and a library fund levy of 37.6 cents. State law limits the general fund of $1 and the library tax to 30 cents.

Cutting those two levies to their legal limit would reduce the total tax to $3.058.

Six other levies the city can make have no statutory limit, Balmer said. However, they can be used only for purposes specified.

The $3.058 would still be 73.8 cents above the current year's tax rate. The projected rise has brought an outcry from taxpayers. One hundred residents signed a petition of protest which was presented to the city council Tuesday night, setting forth areas where the signers believe the budget can be cut.

Here is the distribution of funds in Balmer's proposed budget, with the general and library funds cut back from the $1.204 and 37.6 cents he listed to their legal limits:

	1967-68	1968-69
General fund	$ .875	$1
Library	.285	.30
Community development	.17	.156
Parks and recreation	.39	.565
Sanitation	.125	.242
Drainage and flood control	.04	.197
Bond interest and redemption	.175	.33
Retirement	.26	.268
Totals	$2.32	$3.058

The major increases are in bond interest, which cannot be cut, and in parks and recreation, sanitation, drainage and flood control, the general fund, and the library fund, which can be cut.

Balmer proposed an operating budget of $1,351,000 to maintain present level of services, with a $2.30 tax rate; a progress budget of $147,996 for more employees and equipment asked by department heads, with a 45.3 cent tax rate, and a capital projects budget of $777,750 for major capital improvements, with a 58.4 cent tax rate.

Legislature Cuts Strings On Schooling

SACRAMENTO (AP) — California's 1,256 public school districts have broad new authority today to teach the subjects they think should be taught.

Ever since the days of the one-room schoolhouse, the legislature has dictated to the local schools much of their curriculum — what they should teach, how often and how much.

Gov. Ronald Reagan signed a bill yesterday reversing this century-old practice.

LAW IS HAILED

It was hailed by major California education groups and as a personal triumph for the sponsor, Democratic Sen. George Miller Jr. from Martinez. Miller sponsored similar legislation three previous legislative sessions but lost the measure, mostly because of opposition by physical education instructors.

The gym teachers wanted to retain the state's requirement that physical education must be taught every day. Finally a compromise was reached — a minimum of 200 minutes every two weeks for elementary students and 400 minutes every two weeks in high schools.

NEW FLEXIBILITY

Miller commented, "We in the legislature have taken ourselves out of the position of trying to tell the schools in minute detail what to teach and when. This new law cuts the number of required subjects in elementary schools from 23 to six and in high schools from 26 to seven." New flexibility in scheduling is permitted in those subjects still required.

Miller and those who worked with him expect no overnight revolution. But it permits experimentation, for those districts

Oakland Hockey Team To Stay

OAKLAND (AP) — The Oakland Seals announced today they definitely will remain in Oakland through next season and hired a new coach, Fred Glover, from the Cleveland Barons of the American Hockey League.

Glover replaced Bert Olmstead.

Chairman Barend Van Gerbig of the National League Seals said, "We will not apply to transfer the franchise to Vancover, B.C."

He said Labat Breweries of Canada, which loaned his club money, has agreed not to seek transfer of the franchise because of complications including the fact the Western League has a Vancouver franchise.

Hanoi Rejects LBJ's Call For Scaling Down Fighting

PARIS (UPI)—North Vietnam today rejected President Johnson's latest call for a mutual scaling down of the fighting in Vietnam. It said nothing but a complete, unconditional and immediate end of U.S. bombing of the North is acceptable.

Nguyen Than Le, spokesman for the Hanoi delegation, told a news conference that Johnson's statement yesterday "renewed the absurd claim" for reciprocal scaling down of the fighting. He said this has been rejected by Hanoi and is being rejected by world public opinion.

As Le was speaking Hanoi Radio broadcast a speech by North Vietnamese Premier Pham Van Dong rejecting what he called the United States "stupid arguments for reciprocity, mutual de-escalation and mutual concession" in the Vietnam war.

Dong's demands came in a 37-minute speech to the North Vietnamese National Assembly in Hanoi. Reported in attendance was President Ho Chi Minh.

Asked about that, Le said the North Vietnamese had no intention of breaking off the stalemated Paris talks.

But at the news conference Le evaded the question whether Hanoi would break off the talks if the deadlock persists. He reported a previous warning that the United States will be held responsibile if the talks collapse.

Le said North Vietnam had

National Ballot In June

PARIS (UPI)—President Charles de Gaulle called tonight for a nationwide referendum to grant him full powers to avoid the threat of civil war in strike-bound France. He warned he would resign unless he got them.

De Gaulle told a nationwide television audience the balloting would be held in June.

He admitted France was "on the edge of paralysis" and said the nation is ripe for a "transformation" of its society. He appealed to all Frenchmen to help him reestablish order to avoid the threat of civil war.

ASKS REFORMS

The president, speaking against the background of total chaos that had idled some 10 million workers and virtually shut down the nation, said he would use his full powers to carry out needed social reforms.

Shortly before de Gaulle spoke, tens of thousands of workers, students and youths paraded in a half-dozen processions through Paris streets, many of them chanting "De Gaulle resign!"

In the west of France, more than 1,000 workers besieged the office of the governor in Nantes, capital of Brittany, and battled police after an anti-government protest march.

7-MINUTE TALK

De Gaulle spoke for seven minutes in a grave voice. He enunciated slowly, spelling out clearly the terms of his threat to quit.

"Frenchwomen, Frenchwomen," de Gaulle said, "in the month of June you will deliver your verdict by a vote. In case your reply is 'no,' it follows that I would no longer assume my functions.

De Gaulle had threatened similarly to resign in October 1962, unless the country approved his plan for direct election of the president. The plan was approved.

"I am ready again this time," he said. "But this time again, this time above all, I need—yes, I need—the French people to say what they want."

Terra Linda Wife Bound By Intruder

A Terra Linda housewife was tied up and threatend by a tall, skinny man wearing a stocking mask, disposable gloves and plastic bags over his feet late this morning, sheriff's deputies reported.

Mrs. Dee Boatman, 27, found in the rear bedroom of her house by her 4-year-old son, was tied-gagged and hysterical, according to Inspector Guido Battaglia. The son called a neighbor.

The woman told an inspector at Marin General Hospital that a would-be robber whom she described as 6 feet tall and white jumped her in the home at approximately 11 a.m.

She had opened a sliding glass door from the living room to the patio at the family home at 654 Woodbine Drive, she said, and was running the vacuum when the man jumped her.

She told Inspector Kenneth Irving that the man kept asking her for money. When she replied she had none, he took her to the bedroom and tied her to the bed.

The inspector said the robber told her she must have money because he had seen their expensive family car, Battaglia said. Her husband, James A. Boatman, had the car in San Francisco at the time.

U.S .Bombers Pound Viet Border Entrances

SAIGON (AP) — Waves of America's biggest bombers kept up one of the most concentrated saturation attacks of the war today against North Vietnamese troops reported crossing from Laos into the center of South Vietnam.

The intensified air campaign was aimed at stopping any major enemy thrust across the country.

In 10 missions yesterday and today, at least 30 Air Force B52 bombers rained nearly 1,000 tons of explosives along enemy areas near the junction of the borders of South Vietnam, Laos and Cambodia.

While the pressure mounted in the central highlands, U.S. Marines just below the demilitarized zone reported 203 North Vietnamese killed in a savage two-day battle.

The Leathernecks said 23 of their men were killed and 86 wounded in the action Wednesday and yesterday, two miles northeast of Con Thien.

Bombing of the central highlands was stepped up after North Vietnamese troops were reported crossing over the Laotian frontier in force. U.S. intelligence officers in the field said the Communist command might try to grab a large chunk of South Vietnam's central plateau to put more teeth into its demands at the Paris peace talks.

The first North Vietnamese divisions ever identified in South Vietnam tried to cut the country in half in 1965 but American troops drove them back during a fall of bloody fighting.

Flying at altitudes of more than 20,000 feet, the huge planes attacked staging areas, troop concentrations, bunkers, artillery positions and antiaircraft batteries between the Laotian border and Dak To.

U.S. outposts at the head of a valley that stretches from the Laotian border south to Dak To report heavy traffic nightly along the route which serves as the main north-south highway through the highlands.

Intelligence reports said two regiments from the North Vietnamese 325th Division have completed a 165-mile march south from near Khe Sanh to an area west of Kontum, possibly to reinforce another enemy division and four independent regiments along South Vietnam's western border.

BOWS TO DEMANDS — Dr. John Summerskill, president of San Francisco State College (right) tells newsmen and demonstrators late yesterday the administration has agreed to meet four or five student demands which has kept the campus in turmoil since Tuesday night. A vote on the fifth — the ROTC program — will come on Monday. (AP Wirephoto)

ROTC VOTE DUE

College Meets Four Demands By Students

By U.P. INTERNATIONAL

A two-day sit-in continued today at the administration building of San Francisco State College although the school administration granted four of five student demands and agreed to a faculty-student vote on the fifth.

Students vowed to "force" through the fifth and most important demand—abolition of the Air Force Reserve Officers Training Corps program on the 18,000-student campus.

At the University of Hawaii, a sit-in went into the fifth day over the dismissal of political science Prof. Oliver Lee, who opposes the war in Vietnam. The school's regents accepted the resignation of President Thomas Hamilton who offered it last December over the Lee matter.

San Francisco State President John Summerskill had daylong conferences with students yesterday and agreed to admit 400 nonwhite students who normally would not qualify; hire nine special tutors for them; retain Prof. Juan Martinez, a student favorite whose assignment was to have ended this term—and grant amnesty for 26 students arrested in an abortive sit-in Tuesday night. He also agreed for a Monday faculty-student vote on retention of ROTC.

As the 26 were led out, 500 other students clashed with police. Wednesday, Summerskill assessed the "mood" of a faculty meeting and announced sit-ins could continue as long as they were peaceful.

Two-hundred sat-in Wednesday night and 250 stayed in the administration building last night. Student leader Bruce Hartford vowed the students would "force" Summerskill to terminate the ROTC program.

At Columbia University in New York, the student strike coordinating committee met to plan strategy. Protests have been over plans to build a gymnasium on Harlem Park land and disciplinary action taken against students who participated in a week-long sit-in a month ago.

At other schools:

A special committee at Ohio University studying why 1,000 students threw stones and smashed windows in the home of President Vernon Alden Sunday night recommended that three students be dismissed. Officials put 650 national guardsmen on standby alert after the disturbance.

Rutgers University at New Brunswick, N.J., said it would double the number of Negro freshmen in 1968 and hire more black teachers.

Senate Sends Tough Crime Bill To House

WASHINGTON (UPI)—After an eventful year of thinking it over, House members are getting another chance to try to do something about curbing crime. Indications are they will join the Senate in getting tougher than the administration might prefer.

The Senate expressed its sentiment in no uncertain terms yesterday, passing an anticrime measure that would provide $400 million to boost local law enforcement, authorize regulated wiretapping, curb handgun sales and rescind Supreme Court expansion of criminal suspects' rights.

Approval came on a 72 to 4 roll call.

The Senate bill went far beyond the version passed by the House last year, which provided only $75 million for the law enforcement boost and ignored the wiretapping, criminal procedure and gun sales issues.

The House has the prerogative of simply accepting the Senate amendments. But Chairman Emanuel Celler of the House Judiciary Committee, floor manager of the bill, said he would move to have it sent to a House-Senate conference committee.

The New York Democrat is dead set against overriding the Supreme Court's rulings on confessions and eyewitness testimony.

Before the final Senate vote on the package yesterday, an attempt to strike the wiretapping section from the measure was defeated 69 to 12.

The Senate adopted an amendment to the "Safe Streets Act" that would provide for 85 per cent of the two-year $400 million authorization to be allocated to state anticrime agencies, which would distribute the funds to communities. The remaining 15 per cent would be handled by the Justice Department.

Lowest Since '36

WASHINGTON (AP) — Despite the tight new rules governing sales of gold the U.S. stockpile of the precious metal stood at $10,547 billion at the end of April — lowest since 1936.

The Treasury Department reported yesterday the total U.S. supply fell by $156 million during the month, substantially less than other recent months thanks to the restrictions imposed in mid-March.

The new rules bar sales to private buyers, permitting only governments of other nations as customers. As is their practice, Treasury officials refused to identify which nations made purchases from the U.S. stocks last month.

Congress appropriated $20 million to purchase 5,021 acres surrounding the Port Chicago Naval ammunition loading piers.

Echo Space Balloon Falls; Eight Years In Service

COLORADO SPRINGS, Colo. (AP)—Echo I, the balloon satellite that has offered a nightly show to millions around the world since its launching nearly eight years ago, fell to a fiery death last night off the west coast of South America, the North American Air Defense Command (NORAD) said.

A spokesman said NORAD, which has been tracking Echo I in its dying days, had received no reports of sightings of the plunge.

Launched from Cape Kennedy Aug. 12, 1960, Echo I has logged 36,000 orbits and some one billion miles of space travel. It received and relayed teletype messages, telephone conversations and pictures and provided a legacy of scientific discovery. Sunlight pressure finally pushed it close enough to the earth's atmosphere for gravity to take hold and tug it out of orbit.

Cal Welcome Greets New President

BERKELEY (AP)— University of California Centennial Week reached a climax today with the formal welcome of newly inaugurated President Charles J. Hitch to the Berkeley campus.

Dr. Hitch, urging universities to demonstrate their relevance to the great problems of the world, was installed as president yesterday at a statewide convocation at UCLA.

Headquarters for all nine campuses of the university remain at Berkeley where Hitch was honored at a special convocation presided over by Berkeley Chancellor Roger W. Heyns.

Classes were dismissed for two hours for the ceremony in Student Center Plaza where the main speaker was Dr. Kingman Brewster, president of Yale University.

Three hundred students nominated by the deans of all colleges at Berkeley lunched with Dr. Hitch at a new $7 million auditorium-theater.

Just before the official welcome, a new entranceway and fountain at College and Bancroft avenues—a gift of the Class of 1914—were dedicated.

Hitch is the university's 13th president—a Rhodes scholar, Oxford don, economist, and an educator known as an "actional intellectual."

He became president of the vast university on Jan. 1, replacing acting president Harry R. Wellman. Wellman had taken over from Clark Kerr, discharged in January, 1967, following controversies stemming from Berkeley campus student demonstrations and clashes with Gov. Ronald Reagan over finances.

Victim's Daughter Takes Stand In Preston Trial

Continued on page 1

Ackley, made a token appearance in court yesterday. On the stand for five minutes, she identified her sister's ring, found in Preston's bedroom, then resumed her seat in the audience.

The most effective witness was James D. Harris, a gun collector from Nice, Calif.

Harris, who said he and Curtis Ackley collected guns as partners for several years, positively identified the gun Dist. Atty. Bruce B. Bales says is the murder weapon.

Holding the sleek, black .32-caliber pistol at the witness stand, Harris recalled:

"I traded for this gun at the Vallejo Gun Show in 1965. Curt admired it and I either sold it to him or traded for something else. He wanted the gun for his wife, Shirley, because they were fond of weapons and this is an antique Smith and Wesson."

Inspectors from the Marin sheriff's office have testified that they found the gun in Preston's chest of drawers, along with some ammunition and five spent shells.

Curtis Ackley was shot four times — behind the left ear — with that pistol, Bales has said. Mrs. Ackley was shot with it twice. She was also raped, strangled, stabbed and slashed.

Harris identified four other guns, three knives and a box of .38-caliber ammunition, bearing his name, as having come from the Ackley trailer. All were found Jan. 14 in Preston's Santa Rosa cabin.

Deputy Dennis Shine of the sheriff's office told the jury that sifting through ashes of a trash barrel outside Preston's cabin paid dividends in his investigation.

Inside the can he found Shirley Ackley's union card — she was a barber — singed but not burned. He said he also found some burned cloth, which appeared to be part of a print dress, and the metal frames of two burned purses.

Two women and a man, all residents of Terra Linda and friends of the murdered couple identified costume jewelry and watches, found in Shirley Ackley's suitcase in Preston's cabin, as having come from the Ackley home.

The witnesses were Mrs. Alice Mitchell and Mrs. Helen Nissen, both housewives, and Michael Travinsky, a watchmaker and jeweler who had done repair work on the couple's watches.

A the close of the fourth day of trial, Bales said, outside the jury's presence, that he will not introduce articles found May 6 in the slime at the bottom of a septic tank connected to the Santa Rosa cabin's toilet.

Though Judge Wilson indicated he would probably rule the search legal, Bales said he wants to avoid the chance of the Supreme Court reversing the decision on appeal.

Deputies who searched the tank had neither a search warrant nor the permission of the cabin's present occupant. They did have written permission from the owner.

BUDGET

Continued from page 1

the entire $2.2 million, according to his budget message. "Assuming that the operating budget will be adopted as submitted, the council will have to decide on the items from the progess and capital projects budgets that it would like to do in the new fiscal year," Balmer wrote.

The city could hike the budget substantially from this year without a tax increase. Most of the capital improvements proposed would be financed from other sources than city property taxes — $229,000 from sewer bonds, $260,000 from gas tax, and $102,000 from the flood control district. (The flood control work would require a 17-cent flood control district levy, none from the city. The money would come from other pockets of the same taxpayers.)

Adding up those projects with the operating budget, Mill Valley would have a budget of $1,942,000 and a $2.30 tax rate.

In other capital projects, Balmer gave each a one, two or three priority. First, priority projects total $129,100 and a 40.4 cent tax levy.

The progress budget would be funded almost entirely from property taxes.

Speed Contest Charge Denied

A Corte Madera man and his three campanions pleaded innocent Wednesday in Northwest Marin Justice Court to a charge of conducting a speed contest.

The four men asked that their case be transferred to Marin Municipal Court in San Rafael. The request was granted by Justice David R. Baty.

A. Smith McLean, 35, of 10 Buccaneer Court, Corte Madera, and his companions, R. Lee Johnson, 26, of Daly City; W. A. Rittenhouse, 22, of Vallejo, and J. A. Boyer, 21, of San Francisco, were cited by Marin County Sheriff's deputies on May 21 in Olema for speeding on Highway 1.

Deputies Report Death Attempts

A Hamilton Air Force Base sergeant, Wayne A. Baguio, 20, was turned over to base officials for possible hospitalization today after sheriff's officers said he twice attempted suicide.

Deputies said a Sleepy Hollow resident taking a walk saw Sergeant Baguio in a parked car at the end of Dutch Valley Lane about 6:30 a.m. today. The sergeant appeared asleep and there was a hose attached to his vehicle's exhaust pipe, officers said.

Deputies were called and revived Baguio, they said. Taken to the sheriff's office, he attempted to hang himself in the interrogation room with a shoelace, they added.

The sergeant, apparently uninjured, was restrained and the air base officials notified, according to deputies.

which want to, in tailoring their programs to individual schools and pupils.

Thomas L. Goodman, assistant to the San Diego city schools chief, suggested the possibility of one high school specializing in one subject — art for instance — and another school developing a special program in science.

NOW RESTRICTIVE

The present state requirements are so restrictive, Goodman said, about 90 per cent of the high school student's time is taken up by mandatory courses.

"To get elective subjects, most students have to go to summer school because the school day is filled up so much with mandated subjects," he said.

But several factors will tend to temper change, he added:

Subjects needed by high school students for college entrance.

Subjects needed for a school to retain accreditation.

The fact the State Board of Education selects textbooks used in grades one through eight.

Surrender On Child Desertion

Mary Lee White, accused of deserting her two children, surrendered herself in Marin Municipal Court yesterday on a bench warrant issued for her arrest when she failed to appear for a Wednesday preliminary hearing.

Judge Peter Allen Smith set bail at $500. She remained in jail today in lieu of bail.

Mrs. White, accused of deserting the children, aged 9 months and 3, in Fairfax April 23, told Judge Smith she didn't appear because her mother, Mrs. Juanita Havens, was ill. New date for preliminary hearing was not immediately scheduled.

irrational?" asked Zunino.

"I found him to be unusual, but not irrational," Mrs. Olmstead said. "I think it was because of the extent of his brilliance. He seems to know so much more."

Mrs. Olmstead later changed her opinion of Herrera from "unusual" to "outstanding."

Saying she had visited Herrera at the county jail and spoken on the telephone to him several times since his arrest, Mrs. Olmstead reported that Herrera "felt there was a plot against him, but not by everyone."

"He told me his attorney was interested in finding him insane and felt he could do better if he represented himself."

Mrs. Olmstead repeated stories told to her by Herrera that he feared he was going blind in 1966 because he had gotten steel particles in his eyes while making telescopes and of his experience of being locked overnight in a huge cemetery vault in Guatemala.

Herrera then took the stand to explain how he removed the particles from his inflamed eyes and how he joined a funeral procession, became locked in a vault and frightened persons in the cemetery when he emerged from the vault the next morning.

Gallinas Village Board Agrees To One Paid Session

The $25-per-meeting pay for directors of the Gallinas Village Community Services District should be retained, but the paid meeting should be limited to one a month, directors decided last night.

The lone dissenter, Walter Rudolph, urged that the directors forego pay entirely, but was outvoted 4-to-1.

Directors went through the new budget "with a fine tooth comb" and brought the total estimated expenditure for 1968-69 to $22,250 compared to this year's $21,670, secretary Marguerite F. Clark reported. Further budget discussions are expected at the next regular meeting on June 13.

Directors argued for about an hour on whether an engineer should be hired to prepare the Rosal-Adrian Playing Field for turfing but failed to reach a decision.

come to Paris on the understanding that a bombing halt would be negotiated.

In demanding the U.S. stop its bombing immediately he said this could be done "in various ways," but he declined to specify these.

Le accused the United States of intensifying the war against both North and South Vietnam and cited the alleged increase of American bombing over North Vietnam since the limited bombing halt announced by Johnson.

"But the more the United States intensifies its attacks, the Vietnamese people are resolved more than ever to resist the aggression," he said.

Le said Johnson's statement underlines "the fact that the United States is not acting in good faith."

"It is because of American obstinacy that no progress has been made in the officials conversations in Paris and the United States must bear the whole responsibility for it," he said.

Meanwhile Pope Paul VI said today he was encouraged by the fact Washington and Hanoi have "finally begun talks" to end the Vietnam War. He promised to continue his peace efforts.

"We feel particularly encouraged because the warring parties have finally begun talks and we can look to the future with more faith," the pontiff told a group of South Vietnamese pilgrims.

Retired Admiral Asks New Arnheiter Probe

WASHINGTON (UPI) —Retired Rear Adm. Dan V. Gallery, whose own career was spotted with controversy, is taking on the Navy again—this time over removal of Lt. Cmdr. Marcus Aurelius Arnheiter from command of the USS Vance.

"The Navy's handling of the case is becoming a national scandal," Gallery said yesterday in a letter to Secretary of Navy Paul Ignatius.

In the late 1940s Gallery ran afoul of then Defense Secretary Louis Johnson over unification of the services.

Gallery urged Ignatius to give Arnheiter the formal—and public—court of inquiry or court martial that he is seeking.

Arnheiter, now living in San Rafael, has returned to shore duty at Treasure Island after a recent one-man congressional hearing in Washington by Rep. Joseph Y. Resnick, D-New York. Resnick also called for a formal and public hearing.

On March 31, 1966, Arnheiter, a 1952 Annapolis graduate, was relieved as skipper of the Vance while the destroyer escort was patrolling off the coast of Vietnam. A closed investigative hearing supported the action.

The Navy contends Arnheiter took his ship into unauthorized waters, violated various Navy regulations and exhibited poor leadership qualities. Arnheiter denies the charges and claims he was the victim of a conspiracy by three disgruntled and "mutinous" junior officers aboard the ship.

Gallery called a news conference to make public his letter to Ignatius and to explain why he had decided to speak out.

"I spent most of my life in the Navy," he said. "I love the Navy. I hate to see it make a mess of this."

He conceded that it was probably too late to really help Arnheiter or Capt. Richard Alexander, who lost the assignment as skipper of the battleship New Jersey because of what the Navy thought was his intemperate defense of Arnheiter. "But my hope is that if enough of a stink is made the same thing won't happen in the future," Gallery said.

PROMOTION — Brig. Gen. Rollin B. Moore Jr., commander of the 349th Military Airlift Wing at Hamilton Air Force Base, has been recommended by President Johnson to the Senate for promotion to major general. He and his wife, Elaine, and their two children live in Orinda.

Tidelands Annexation Completed

Mill Valley's annexation of the 137-acre high school-tidelands area was completed yesterday, more than three years after it started.

Final filing papers were taken to the secretary of state's office in Sacramento by City Mgr. Bert A. Balmer and Director of Community Development Harvey A. Bragdon.

Mill Valley annexed the area in 1965, but owners of the Shelter Bay Apartments filed a court suit contesting the action. The Bank of America last month foreclosed its loan on the apartments and withdrew the suit, clearing the way for final annexation.

The area includes the Tamalpais High School grounds, the Bothin properties between the school and Richardson Bay, the freeway frontage commercial area from Enchanted Knolls to Sabella's restaurant, and the bay between the freeway and Bothin property.

The city will get some tax income from the area immediately — hotel tax and the city share of sales tax — but will not get property taxes until July 1, 1969.

The area legally is still under fire protection of the Alto-Richardson Bay Fire Protection District until July 1, 1969, but arrangements will be worked out between Mill Valley and the fire departments.

Trustees Vote Hike In Budget

A tentative budget of $1,651,108 for 1968-69 was approved last night by the Larkspur School district board.

The increase over this year's budget of $1,640,498 is due to higher interest charges on state bonds, over which the district has no control, according to Supt. Milton S. Cohen. He said, however, that the district hopes to stay within the $3.40 tax rate used this year.

Board members also approved a summer school program for grades three through eight at Neil Cummins School from June 19 to July 19, Cohen said.

Permission to use San Clemente, Larkspur-Corte Madera and Henry C. Hall schools for summer recreation programs was granted by the board.

The Larkspur School District Board also:

LIBRARY MEMORIAL — Decided to name the portable library at Neil Cummins School in honor of the late John R. Cunningham, a former district board member.

INSURANCE — Negotiated a contract with the North American Casualty Accident Insurance Co. for student accident insurance.

MUSEUM — Contracted with Louise A. Boyd Natural Science Museum for use by students and teachers next year for about $175.

REMEDIAL READING — Heard a report on the teaching of remedial reading and arithmetic after school.

PROGRESS REPORT — Learned that the portables at Henry C. Hall School are completed and that black-topping at Neil Cummins School is almost finished.

Bonnie And Clyde Graves Disturbed

DALLAS, Tex. (AP) — Anonymous telephone tips led police and newsmen last night to a 80-pound bronze headstone stolen off the grave of Bonnie Parker.

Its disappearance earlier in the day occurred on the 34th anniversary of an ambush in which peace officers killed Bonnie and Clyde Barrow, ending a long string of bank robberies and killings in the Southwest.

Stanford Alumni Rap 'Coercion'

STANFORD (AP)—The Stanford University Alumni Association executive board voted unanimously yesterday to condemn what it called campus coercion.

Joining President Wallace Sterling, the board of trustees and students, the board condemned those "who, under the guise of freedom and reason, seek by coercion to impose their views on others."

The 34,000-member association is headed by Crawford Cooley of Atherton. The 19-member board wound up its two-day session today.

Sanitary Board Promised Repair On Centrifuge

A $40,000 sludge dewatering centrifuge bought last year by the Las Gallinas Valley Sanitary District will get new parts and will be in operating condition by July 1, the directors were assured last night.

The equipment has been faulty, and district directors called in a representative of the seller, Dorr-Oliver Co. of Connecticut, who promised a progress report on June 13 and good operating condition by July 1.

The Las Gallinas Valley Sanitary District directors also:

QUAIL HILL — Continued until June 13 a discussion on the sharing of the cost of a new sewer main to serve the Quail Hill development, an 80-acre hill to the west of the Emporium at Northgate. Homes, town houses, professional-administrative buildings, and a convention center are planned there. District directors want the developer to pay 75 per cent of the estimated $52,000 needed for the sewer main. Lee Oberkamper, engineer for the developer, asked for more time to present alternative figures.

SAN RAFAEL PARK — Accepted the sewer system of San Rafael Park Unit 4.

Tape Unit Stolen

A tape player, worth $90, was stolen from a display shelf at Francisco Radio at 132 Bellam Boulevard, San Rafael, Wednesday. Dale Hitzeman, co-owner of the store, reported the theft to police yesterday.

Now. A car with a computer in it.

Every Volkswagen Squareback now comes with a computer.

It looks like a box, about a foot wide, and is connected to the engine in 9 places.

Let us explain. (Or try to.)

The Volkswagen Squareback is one of the few cars in the world with a fuel injection system.

A computer was designed to control this system. To think for it.

For instance, the computer can actually figure engine speed, engine load and engine temperature.

Then send precise amounts of fuel and air to each cylinder.

Fuel waste decreases; mileage increases. And you'll get about 27 miles to the gallon.

What you won't get are carburetor problems. There is no carburetor. Nothing to adjust, nothing to clean, nothing to ice.

Only the VW Squareback (and its sister car, the Fastback) has a fuel injection system and a thinking computer.

Volkswagens always made sense.

Now they have sense.

Viet Homeless, Hungry Program Leaders Named

Richard P. Nave, president of the Marin County Chamber of Commerce, and Richard E. Schultz, commanding officer of Company M., the Marine Reserve unit in Marin, have been named local co-chairmen of the Marine Corps Reserve Civilian Assistance Program-Vietnam.

The program, designed to help the homeless, hungry Vietnamese refuges, is scheduled to run from Aug. 15 to Oct. 15.

"The real goal of the drive is to purchase things that will help the Vietnamese help themselves," according to Lt. Gen. Herman Nickerson Jr., former commander of the 1st Marine Division in Vietnam.

The initial donation to the Marin County committee was a $50 check from the Reserve Officers Association Ladies Club.

His westbound car skidded off a curve, at an estimated speed of 70 miles per hour, at 11:50 p.m., the California Highway Patrol reported.

Sausalito Youth Discuss Rec Center

Twenty members of the Seven-Up Club, youth group of the Sausalito Presbyterian Church, met with the Sausalito Recreation Commission last night and discussed recreation center possibilities and problems, and the commission's proposal that the city buy a floating barge for use as a community center.

Commissioners Elmo V. Maggiora and Willard A. Hall were assigned to meet with landscape architects to have alternative development plans drawn up for Princess Park. The city council has authorized the commission to have plans drawn, but not to proceed with development.

Wallet Stolen

A thief stole a wallet containing $7 and personal papers yesterday afternoon from the unlocked car of Coralie Paris of 11 Park Circle, Marin City, Mill Valley police reported today. The car was parked in the 300 Block of Throckmorton Avenue when the theft was committed between 4:10 and 4:30 p.m.

Sausalito Takes First Look At $1.222 Million Budget

Sausalito City Council got its first look last night at a proposed $1,222,186 city budget for 1968-69, which is expected to need no change in the tax rate.

The current property tax rate is $1.315 per $100 assessed valuation, including a 5-cent override tax for the library building fund.

City Mgr. George M. Patterson presented an overall review of the budget, which is $18,359 higher than the current budget.

Patterson proposed salary increases for employees ranging from 5 to 10 per cent with the majority, including policemen and firemen, up for a 7.5 per cent pay boost.

The proposed salary increases would cost the city an additional $38,705, he estimated.

Patterson said the cost of living index has risen "about 3.9 points" during the past year, and the proposed pay boosts would place city salaries in a favorable position compared with other Marin cities.

The major project in the capital improvement budget is $100,000 for the second phase of the Bridgeway road widening project.

Patterson noted that the general fund wouldn't have to be tapped for the job with $69,000 available and $31,000 from gasoline tax revenue.

Also included in the list of projects is the widening of Bridgeway from Olive Street to the north city limits at a cost of $50,000.

Patterson recommended a police budget of $263,076, as as compared to $228,334 to be spent for the department in the current fiscal year. The proposed police budget included purchase of a car for the police chief and replacement of three police patrol units.

The proposed fire department budget is $209,467, as compared to $185,800 estimated to be spent on the department in 1967-68. Patterson recommended that the department budget include $7,800 for a new pickup truck.

At the session, the first of eight scheduled on the budget, council took no action, and delved into detail only on the report on estimated revenue.

Patterson said that boosting the transient occupancy tax, levied on motels and hotels, from 4 to 5 per cent would bring the city an additional $1,750 a year.

Councilmen asked for an ordinance to hike the rate for consideration at its next regular meeting June 4.

Listed as major revenue sources were secured property tax, estimated at $296,000; sales and use tax, $214,000, municipal parking lots, $118,000; parking, vehicle code and other fines, $112,000, parking meters, $41,000, and cigarette tax, $36,500.

Councilmen agreed to tackle the fire department budget when it resumes its budget sessions at 7:30 p.m. Monday at city hall. Other departmental budgets will be studied at later sessions extending into mid-June.

CAST'S SENIOR CITIZEN

'West Side Story' Mother Dons Tights

By MARY LEYDECKER

"Mother wore tights in the college review."

This is typical of the kind of good-natured teasing that goes with being the only person over 21 in the College of Marin production of "West Side Story." Rafae is not only over 21 but

Wilma (Willie) Neuhaus of San Rafael is not only over 21 but has been married 15 years and has children 13 and 11.

After her graduation from high school she worked as a salesgirl and in an office, but did not attend college.

"For years I said someday I'd go to college," Mrs. Neuhaus reported. So two years ago she timidly registered for one cass at College of Marin and soon she found she wanted to pursue a full course.

Now at the end of her second full year, Mrs. Neuhaus plans to transfer next fall to San Francisco State College. "At first I had no idea of what I wanted to major in, but after one of James Dunn's drama courses, I knew drama was the department I liked best," she explained.

Since she had kept up with ballet lessons ever since she was a child, Mrs. Neuhaus was a natural for a dancer in the current musical.

She tried out along with the youngsters and was eccepted and has kept up with her home and children, her studies and all the rehearsals and performances that go with such a show.

Her husband, Robert, a clothing salesman, has good naturedly helped out during this period, she said.

Even if she is never in another show like "West Side Story," which will be performed for the last times today and tomorrow, Mrs. Neuhaus feels she has learned a great deal about college students for her close association with them.

"I don't think they're really that much different from the way we were, even though they do thinks like wearing long hair or smoking marijuana that we consider outrageous," she added.

"The kids in 'West Side Story' are so hard-working," she explains, and "will rehearse until 2 a.m."

"They may look like hippies, but they aren't, because they care. They care about a lot of things, including what their parents think of them," Mrs. Neuhaus said.

"Either there isn't a generation gap or else it can be bridged by getting in and doing things with the kids," she concluded.

Innocent Pleas In Auto Cases

Innocent pleas to a joint complaint of two counts of car theft and a third count of attempted car theft were entered in Marin Municipal Court yesterday by Bruce E. Govern, 23, and Thomas R. Ellis, 18.

Judge Peter Allen Smith scheduled a preliminary hearing for 9:30 a.m. Wednesday.

The pair, of San Pranisco, is accused of stealing a car in San Francisco Sunday, abandoning it in Greenbrae, and stealing a car owned by Robert Lewis Furtch of Windsor, Sonoma County. They also are accused of attempting to take a car owned by Lonnie Echols in Larkspur that day.

The United States station at the South Pole measured only two inches of snow one year.

Probation Employees Win Bargain Powers

Employees of the Marin County Probation Department yesterday won the right to organize as a bargaining unit, but they lost the fight to have 10 department supervisors included in the unit.

Marin County Personnel commissioners approved the certification of the Marin County Probation Workers unit of Local 535, but voted 3 to 2 to exclude five supervising probation officers and five supervising group counselors on grounds that they are "management."

BACKERS OUTVOTED

Commissioners Bella Aaron and Muriel Appenzeller wanted to include supervisors in the same unit as the 74 other probation workers, but were outvoted by Commissioners Margaret Lucas, Victor P. Reed and Hugh G. Marchant.

This was in contrast with the personnel commission's 3-to-2 vote three weeks ago, allowing supervising social workers of the department of public social services to belong to the same bargaining unit as regular social workers.

Randall Serrurier, representing Social Workers Local 535, introduced one of the probation department supervisors, Thomas Estes, in an effort to show that supervisors like Estes do not have an effective voice in hiring and firing.

Under questioning by the commissioners, Estes said he does participate in the screening of employees and in interviewing.

Commissioner Red Reed wanted to know if Estes had ever acted on a subordinate who was not doing satisfactory work.

"I confronted the man and asked him what course he wished to take," said Estes. "And he elected to resign."

SHOWS EFFECT

Walter H. Busher, chief probation officer and County Administrator Alan Bruce argued that Estes' own statements show how much effect supervisors have in the hiring or firing of subordinate workers.

Busher said the supervisors would face divided loyalty if they belonged to the same bargaining unit as workers they supervise.

The next step in the establishment of the probation workers unit is an election May 29 by all workers (not including supervisors) of the department.

The Marin County Personnel Commission Also:

ADMINISTRATIVE SECRETARY — Received a recommendation from personnel analyst Maren Rinne that the following five departments be provided with an "administrative secretary" who would be in a category above regular secretaries and draw two-and-one-half per cent more pay: Tax collector-treasurer, public works, coroner, public social services, and parks and recreation. Frederick H. Ward, manager of the county employees association, suggested that the county administrator, sheriff, and the auditor-controller's office also deserve "administrative secretaries." Miss Lucas asked Ward and department heads to file their opinions or recommendations before the commission's next meeting.

REED COMMENDED — Commissioners Hugh G. Marchant and Miss Lucas thanked Victor P. Reed for his work on the commission. Reed has resigned effective June 1.

COMMITTEE — Appointed Mrs. Appenzeller to work with Mrs. Aaron in drafting a grievance procedure for county employees.

Group To Back Proposed Novato Dog Ordinance

The Novato Citizens Committee for Effective Dog Control last night agreed to back a new ordinance proposed by Police Chief Robert DiGrazia, according to Mrs. Mary M. Allen, chairman.

The chief explained the proposed ordinance to the committee at its meeting in the conference room of the Novato Savings and Loan Association.

The proposed ordinance makes it illegal to allow a dog to roam at large and calls for the City of Novato paying for another officer for the Marin County Humane Society to enforce it.

The proposed ordinance will come before the Novato City Council at its meeting at 8 p.m. Tuesday at the Novato Community House.

Car Victim, 5, Doing Better

Five-year-old Kenneth Rawson of Santa Venetia, seriously injured Wednesday when his toy coaster collided with a car, was reported improved and in fair condition today at Marin General Hospital.

He was to be removed from the intensive care unit today.

He was coasting down Tarrant Court, one block from the Civic Center, and at the intersection of San Pablo Avenue hit a car driven by Clarence L. Bracey, 41, of 2-A San Pablo Avenue, San Rafael, the California Highway Patrol said.

Ordinance On Synanon Extended

The Corte Madera Town Council last night extended an emergency ordinance which had originally been passed March 4 to make certain Synanon Foundation had to request a use permit if it moved into Corte Madera.

Although Synanon has announced it has abandoned plans to buy the Uplands Apartments in east Corte Madera, the council made permanent the ordinance requiring a use permit in residential areas for treatment or rehabilitation of narcotics addicts.

The council also made a few cuts in the proposed budget for the police and fire departments, which did not change much the totals requested by Town Mgr. Ronald L. Usher.

Councilmen voted not to pay dues of policemen for the California Peace Officers Association, since they felt the association is trying to become a collective bargaining agency. The dues for the 10 police employees are $5 each a year; so the council saved $50.

Recommended changes by the council in the police department budget brought it to a total of $137,161, as compared to $140,545 recommended by the town manager. Last year's budget was $129,042. The fire department total set by the council was $41,187 as compared to $41,111 recommended by the town manager. Last year's fire budget was $37,501.

The 1968-69 budget will be adopted by the council at a meeting in June. The date has not been set.

The sand tiger shark is a cannibal even before it is born, the National Geographic says. The eggs of the sand tiger hatch within the mother's uterus. The first baby to emerge feeds on its weaker brothers and sisters in turn. As there are two separate uteruses, two young sand tigers survive to be born.

Fairfax City Building Bond Plan Challenged

Arguments over Fairfax's proposed $550,000 bond issues for construction of a new city hall and fire station centered last night on whether the projected population of Fairfax warrants such construction and whether the sites chosen are the best ones.

In panel discussion sponsored by the Taxpayers for Planned Progress (a group supporting the issue), one of the opponents, Mrs. Stefan J. Carniglia said that the figure used for the 1990 population of Fairfax is for the area, not just the city.

She was answered by former Mayor George A. Pagni, who said that the doubling of Fairfax population from 7,500 to 15,000 is the right figure for use because the whole Fairfax planning area will eventually become part of the city.

Fire Chief Charles Thornton said he does not like the proposed site for the firehouse at Bolinas Avenue and Sherman Street because of space limitations.

Concern over the fate of one of the owners of the proposed site, because she had plans to improve her property, were answered by Planning Commissioner Leo Cronin, who said that it is customary for owners to start improving property in order to get a higher price in the event of condemnation.

Opponents of the bonds said that voters are being misled about space needs for new buildings by being asked to compare present city hall facilities not including hallways and other non-useable areas with a new building including the hallways.

Architect Charles D. Stickney, who did plans for the proposed buildings, said it had been impossible for him to separate net needs from gross usable space in his plans.

Panel members were Councilman Adelaide Wilson, Stickney, Frank Blake and Fae Jensen, in favor of the bonds, and Mayor Robert Souza, Mrs. Buhl Gray, Fire Chief Thornton and Mrs. Carniglia, against them.

Housing Bill In Senate Threatens Hilarita Units

A bill introduced in the state Senate would close a proposed "moderate income housing" development at Hilarita to all or virtually all of the present occupants, according to Donald R. Stutsman, executive director of the Marin County Housing Authority.

The bill, by Sen. Clair W. Brugener, R-San Diego, would prohibit rent subsidies in any housing less than three years old.

Stutsman said today 25 to 30 of the families now in Hilarita would be eligible for the proposed "Moderate income" housing by means of a rent subsidy. This would be prevented under terms of Brugener's will.

The restriction would not affect the housing for the elderly being built by the Marin County Housing Authority, nor Marin City apartments, nor housing proposed to be subsidized under a leasing program in older apartments, Stutsman said.

Arrigoni Asks Transit Hearings

Peter R. Arrigoni Jr., a candidate for Marin County supervisor in the Second District, last night called for public hearings throughout the county "to determine specific transportation needs."

Arrigoni, speaking at a coffee for him at the Greenbrae home of Mrs. Eugene Hiller, said the county planning department "should be immediately directed to find public transit versus one-man, one-car solutions to commute problems in the new balanced transportation study." He also suggested that "limited amounts" of Marin Transit District funds and staff time "be used to assist groups in forming charter bus commute clubs."

The Golden Gate Bridge and Highway District should be replaced with a Marin-San Francisco Transit District, said Arrigoni.

He also called for reopening the West Marin Master Plan to restore a lower density, and said the Wolfe Grade extension should be removed from county plans for the area.

Arrigoni's wife, Patricia, today announced the formation of a "Women for Arrigoni — Coffee Wagon Committee." The committee's pick-up truck is roaming the district to campaign for her husband, she said.

Schools' Music Festival Sunday

About 800 students will participate in the annual instrumental music festival of the music department of San Rafael City Schools at 3 p.m. Sunday at the San Rafael High School gymnasium.

Featured performers will be the Davidson Junior High Band and orchestra and the Terra Linda High School band, three groups which received top rating at a recent festival at the College of Marin.

The development of the band and orchestra program from elementary through high school will demonstrate and individual and group awards will be made, according to Hugo Rinaldi, director of music.

Funds for the awards are derived from ticket sales for the festival and Parent-Teacher Association contributions, he explained.

Japan also has a serious smog problem.

Spiro's Red Vest Off Beaten Track, But Popular In Novato

A busy restaurant and bar these days is **Spiros' Red Vest** in Novato's expanding Nave Shopping Center at South Novato Boulevard and Center Avenue.

Since this is somewhat removed from the main thoroughfares generally known to nonresidents of Novato, the Red Vest's patronage is predominantly local. If a place can't be seen from from the highway or somewhere along Grant Avenue the average outsider isn't inclined to probe the byways. So Spiros' is likely to remain unknown to him unless found by accident.

Owner **Spiros Halikas** is Greek and so is his chef **Denny Drossos**, who happens to be Spiros' brother-in-law. Denny has spent most of his career — 14 or more years — cooking on steamship lines and has acquired a knowledge of many dishes other than Greek fare.

Consequently at first glance the menu appears to be much like the menu of the average restaurant serving steak, chicken, lobster tail, filet of sole, fried prawns and so on. And there is also a good representation on the Italian side — ravioli, spaghetti, chicken cacciatora, veal parmigiana — and also saltimbocca which is not found in too many Italian restaurants except by special or advance order.

But Denny usually has a rider on the menu featuring one of his native dishes. It may be moussaka (an eggplant casserole), chicken givepse, dolmathes (rolled grape leaves stuffed with meat and spices) or stuffed cabbage rolls. And a regular item is his beef on a spear a la Greque.

If you go for the Greek dishes you'll surely want a glass of the Greek retsina wine to accompany them.

Table service is good here and waitresses are quick and on the job. I was delighted to find an old firend among them — **Nola Shanahan**, who was so many years at the old West End Villa in San Rafael.

FOOD IS BEING served again at **39 Main** in Tiburon, where **Doc English** has brought in **Mel Gillis** to prepare the viands. Mel is well known in that area.

Evening fare consists of a few simple choices: Broiled steaks, broiled chicken, broiled lobster tails, steak sandwiches and hamburgers. But 39 Main has always been popular on the Tiburon waterfront, for eating and for entertainment.

Hours are from 6 p.m. to 1:30 p.m. Mondays through Thursdays; brunch Fridays and Saturdays from 10 a.m. to 6 p.m., then dinner; Sunday brunch from 10 a.m. to 3 p.m. Food service is then stopped until 9 p.m. when it resumes to 1 a.m.

Bob Boyce is at the piano from 8 p.m. to 1 a.m. Wednesdays through Sundays, with Dixieland music also featured on Sunday afternoons from 3 to 8 p.m.

THERE ARE NEW OWNERS at **Si's Hof Broiler** in Strawberry Town and Country Village.

Colleen O'Neill and **Anita Kinnard** from Newport Beach have taken over from **Simon Furman** and have already made some changes. There are waitresses at the tables if you decide on a few extras besides the self-service. And the menu is undergoing changes. New York steaks and special steaks, sandwiches and pizzas are feature items.

Hours are from 11 a.m. to 11 p.m., with service to 2 a.m. on Friday nights and to 4 a.m. on Saturday nights. Closed Sundays.

Friday and Saturday nights there is entertainment by the **Brand L's** — namely **Louise Carquettini** and **Linda Diamond**, who perform with guitar and drums.

Name of the restaurant remains the same for the time being, but there may a change in that later.

CHRIS' CORNERS — or whatever the name may turn out to be (it's still undecided) — hasn't opened yet in the Pacheco Plaza, Ignacio. **Chris and Lavonne Baseheart** are chewing their fingernails over the delay.

Latest words on this are "possibly next week," but even that is uncertain. Let's say it could be after the first of the month.

THURSDAY DINERS-OUT will find **Franchini's Chateau**, San Rafael closed on Memorial Day next week — but the following week is another thing entirely.

It is then that the Franchinis celebrate their seventh anniversary at the Chateau, on both Wednesday and Thursday, June 5 and 6. Champagne will be included on the dinner.

IF YOU INTEND to lunch or dine out on Memorial Day, I can suggest **Sabella's**. I understand it will be open as usual with its entire 150-entree menu.

FUND RAISING DRIVES to aid **Mrs. Joseph Alvarez** of San Anselmo in her need for kidney machine treatment have spread to the restaurant field. First to report on a collection was **Ondine** in Sausalito, where owners and employees passed the hat and accumulated $196. This may be only a drop or two in the bucket, but they are hoping other restaurants will get in the act, and even top them.

MUSEE D'ART INTERNATIONAL at **Dominic's** in San Rafael will feature next week a three-way showing: The etchings of birds and animals by Japan's **Keiko Minami**, the aquatints and etchings of Switzerland's **Ed Righetti** and the lithographs of Russian-born **Kostia Terechkovitch.** The exhibit may be seen every day until 10 p.m. and will run through June 19.

ARK ENTERTAINMENT in Sausalito tonight and tomorrow night consists of the **Clover** and the **Circus** from 9 p.m. to 2 a.m. Breakfast show from 2 to 6 a.m. features the **Womb** and **Albmen Joy.**

SINGER AL MARTINO is still booked at **Bimbo's 365 Theater-Restaurant** in San Francisco, along with the comedy team of **Fisher and Marks.** They will close Wednesday night.

THE DICK SALTZMAN DUO is the latest entertainment attraction at the **Lodge** in Tiburon, playing Thursday, Friday and Saturday nights in the lounge.

McCARTHY HOLDING OUT

Kennedy's Stop-Humphrey Plan Appears Doomed In Oregon Vote

COMBINED AP & UPI

With the McCarthy camp mounting its strongest attack to date against the Kennedy forces, a stop-Humphrey coalition today appeared to be an all but impossible development in the Oregon presidential primary.

Sen. Robert F. Kennedy yesterday renewed his call for a united front to torpedo Vice President Hubert H. Humphrey's presidential bid. But even as he spoke Sen. Eugene J. McCarthy was reiterating he would "offer no deals, accept no deals."

McCarthy, stumping California briefly before returning for Oregon campaigning today, took note of placards Los Angeles supporters waved reading: "Bobby's got the bread, Gene's got the head."

"Every place I go someone asks 'when are you going to surrender?'" he said. "I don't have in mind a surrender. Even if I did, my troops wouldn't surrender."

Drumming on the central theme of his escalated campaign against Kennedy, McCarthy said last night the New York senator was himself associated with questionable Administration policies of recent years.

McCarthy, who was to speak before the Commonwealth Club in San Francisco before heading back to Oregon, also challenged Kennedy to a debate. He said he had reserved and paid for an hour on a Portland station "for our joint use for a debate."

Kennedy, campaigning in Portland, Ore., said "what concerns me is that I don't think the Administration has learned the lessons of Vietnam. I don't think the Administration realizes that times are changing.

"That is why I am opposed to Humphrey being elected President instead of some other candidate" —he paused —"me."

But Kennedy added he would welcome McCarthy's support in a drive to prevent Humphrey from winning the Democratic presidential nomination.

For his part, the vice president said it was too bad he couldn't have entered the presidential race in time for the primaries. "I think we could have won," he said. "The polls show that."

Other developments:

Richard M. Nixon — The former Vice President, due back in Oregon for more campaigning today in the Tuesday primary, picked up endorsements of 21 more New Jersey Republican leaders—including seven state committeemen and two mayors.

Humphrey—In his first major foreign policy speech of the campaign, the vice president said in New York that a mutual East-West reduction of armed forces and armaments was needed in Europe to "hasten the replacement of the Iron Curtain with an open door."

Nelson A. Rockefeller — Campaigning in Atlanta, the New York governor said poverty was a basic cause of urban disorder. He renewed his call for a $150 billion rebuilding program for the nation's cities.

Rockefeller was being represented in Oregon today by proxy campaigner Mayor John V. Lindsay of New York City.

On the California political front Sen. Thomas H. Kuchel yesterday urged the creation of a Presidential Commission for Space to help develop a "clear national purpose" in U. S. space explorations.

Kuchel said he sent a telegram to Persident Johnson which said, "I believe we must proceed now to fix our goals in space and to organize our national program accordingly."

Kuchel, running for the Republican party renomination in the June 4 primary, wrote Johnson, "I am deeply concerned that we not foolishly cast off today what could be inbalculably valuable tomorrow."

In the presidential primary campaign, supporters of Kennedy for the Democratic nomination finished preparations for tonight's fund-raising show in the Los Angeles Sports Arena which will feature Hollywood stars on the program.

City Predicts Rise In Nonwhite Makeup

SAN FRANCISCO (AP) — A population forecast for San Francisco predicts that 48 per cent of the city's residents will be nonwhite by 1990.

The City Planning Department's study estimated San Francisco's population would reach 755,000 in 1990 of which 362,000 would be Negroes and Orientals.

Grapes were first introduced into California by Spanish missionaries.

Education Post To New Yorker

SACRAMENTO (AP) — Owen A. Knorr of New York has been chosen by the Coordinating Council for Higher Education as its new director.

Knorr, 49, replaces Dr. Willard B. Spalding who is resigning because of poor health, the council said yesterday. The council advises the governor and the legislature.

Knorr has been director of the New York State Board of Regents Division of Higher Education.

Measure Of Legislator: The Laws He Produces

What makes a legislator effective?

Is his effectiveness based on the sonorous phrases he uses in public addresses, the trauma with which he views with alarm, the magnificence with which he points with pride? Or is it based on what he gets enacted into law?

The answer, of course, has to be the latter.

THERE ARE SOME who are prone to discount William T. Bagley, who has been assemblyman from Marin and southern Sonoma since 1960, because "Bill" refuses to assume the pomposity of the typical politician. He is usually bubbling with enthusiasm. He is quick with the quip and the laugh, but not much for orotund oratory or dire predictions.

But he gets things done.

During last year's legislative session, Bagley dropped 90 bills into the hopper. This doesn't mean much, of course. In fact, it might be counted against him, for too many needless and pointless bills are introduced each year.

But 54 of Bagley's bills were enacted into law.

That, according to the California Taxpayers Association's box score, put Bagley No. 1 among all assemblymen in the number of bills that became law.

Some of them were unimportant bills, such as most of the 14 he introduced at behest of the Marin County Board of Supervisors. But some were tremendously important.

AMONG THEM WAS the one now known as the Bagley Act which requires that meetings of all state agencies be open and public. This was a follow-up of earlier successful efforts by Bagley to plug loopholes in the Ralph M. Brown Act which had been used by local agencies to try to keep the public unaware of how its dollars were being spent. And Bagley followed it up this year with a public records bill which should mark another milestone for freedom of information in California.

Three of Bagley's measures that became law last year are designed to combat racial discrimination in apprenticeship training. Another created the California Marine and Coastal Resources Commission — a major conservation measure. Another to safeguard the public prohibits noncontractual conflict of interest by city and county officeholders.

This year, Bagley is pushing a bail reform bill, a set of compensatory education bills, a school intregration bill, among others.

THESE ARE MEASURES of substance and importance. And their wide range shows that Bagley is not riding a hobby horse for any one class or on any one subject.

BAGLEY'S JUNE 4 OPPONENT for the Republican nomination for Assembly is Charles Clayton Barham, an executive of Holiday Magic Cosmetics. Barham has criticized Bagley for alleged lack of party loyalty.

It is a sad thing for Americans when anybody puts loyalty to party above loyalty to his constituents as a whole. Bagley has quite rightly viewed himself as representing all the people of Marin and southern Sonoma — not just Republicans.

But when it comes to party loyalty, we note that Bill Bagley during his years in the Assembly has served in campaigns for Caspar Weinberger, Richard M. Nixon, Nelson Rockefeller, Barry Goldwater, George Murphy, George Christopher, Ronald Reagan, Robert E. Finch and Houston M. Flournoy. To the best of our recollection, they are all Republicans.

We think the choice for Republicans in the primary is clearly Bagley. Democrats have no choice to make, as only Robert E. Mertle is seeking that party's nomination.

Birds Are Everywhere

There are few corners of this earth so desolate and forbidding that occasional birds cannot be seen. In the wastes of Antarctica, explorers have seen birds flying overhead — even in the region of the South Pole.

Birds are very much a part of life in Marin. They are also a part of life in our crowded cities, our driest deserts, our steaming tropical rain forests, our freezing Arctic tundras.

Wherever man has been he has needed only to keep his eye on the sky and to listen for birdsong to know he is not alone.

AFFAIRS OF STATE

State Fiscal Picture Unclear And Tax Relief Still Absent

By HENRY C. MacARTHUR

SACRAMENTO (CNS) — About the only thing certain about the state's financial condition, which even experts say they are at a loss to understand, is that so-called property tax relief, proposed several years ago, was never effected.

Current state, city and county sales taxes are levied at five cents on the dollar. If no property tax relief bill is adopted by the Legislature by June 15, the sales tax reverts to four and one-half cents as of July 1.

If the Legislature does vote a property tax relief bill, it will mean the rate will remain at five per cent, making $155 million available for countries, and some $38 million for the general fund, as a half cent on the sales tax raises about $193 million a year.

THE FORTHCOMING battle stems from the opposition of Sen. George Miller Jr., D-Contra Costa, toward using this means for assistance to the taxpayers.

Miller, chairman of the Senate finance committee, contends the best way to give tax relief is to leave money in the pockets of taxpayers, rather than take it out, subject it to the whimseys and bureaucracies of government, and then try to give a portion of it back.

The Legislature is about as near to a property tax relief program now as it was at the beginning of the legislative session last January, and taxpayers continue to pay increased local taxes.

MEANWHILE, administration officials anticipate increased revenues next year, so Gov. Ronald Reagan proposed givivng it back to the taxpayers by revising income tax schedules, increasing lower and higher brackets and reducing the middle bracket. He would cut some $35 million by this method.

However, Reagan's proposals aren't even before the Lgieslature. When and if they get there, another battle will be engendered.

The validity of estimates of tax revenue for the next fiscal year has to be taken into consideration. At best, estimates usually are off several million, various sets of experts come up with varying figures, and while the state's economy at the moment is reasonably stable, there are many factors which could cause it to deflate or inflate.

All of which means that a budget adopted in good faith insofar as proposed expenditures are balanced against estimated revenue, could be off several million dollars either way.

WHAT OUR READERS SAY

Debate Issues; Forget Dead Horse

Editor, Independent-Journal:

The supervisorial campaign in District Two has become very confusing. A small group of people whose interest in county government was stimulated by the Highway 17 hearings, apparently developed strong emotional feelings against Mr. (Ernest N.) Kettenhofen, the incumbent, because he insisted on bringing out into the open all possible routes and alternatives before deciding. However, since he has openly, clearly and decisively announced his opposition to any freeway through San Anselmo, Fairfax or Sleepy Hollow, it seems to me that Highway 17 is no longer an issue.

Moreover, Mr. Kettenhofen's opponent seems to have no clearly stated views on this subject other than scrapping Highway 17 altogether. This, of course, would put onto the shoulders of the Marin County property taxpayers completely, the cost of providing adequate roads to get tourists and visitors out to Point Reyes National Seashore, to mention only one of the many increasing demands on our county road system.

I would urge that all of us find out how the two candidates feel about many of the important issues and aspects of Marin County government, rather than allow ourselves to be emotionally swayed by the beating of a dead horse.

Student Differs On College Roles

Editor, Independent-Journal:

In reply to Mrs. Ivy Colthurst's letter in the May 10 issue of the I-J:

I am a student at COM, but not one of the "mature" adults which Mrs. Colthurst refers to, being under 21 years of age. I would like to make known a few facts. . . .

First of all, I was one of the last to register for this spring semester, and I had no trouble getting any class that I wanted. I was not crowded out by any of her "mature" adults.

Secondly, many kids just out of high school misuse their educational opportunities, and in cases like this, I think it far better that they wait until they come "mature" adults and are more ready to learn, than if they go to COM immediately from high school and only waste theirs and others time and money. Also, many boys prefer to get their military obligations out of the way before returning to school. Are they then any less entitled to an education because of age?

Thirdly, students and faculty do not want to run the school. They do, however, wish to have equal voice in the decisions which affect them. Part of growing up is learning to reason and think for oneself, yet so often youth is stifled by the "older and wiser" — who are quite often not so much wiser. College students are adults, whether you are able to accept this fact or not.

And last, perhaps you should do a little more research on teachers' salaries. I knew very little myself in this area, but I do know that for the amount of education one has to go through to become a teacher, you can be assured that the greatest rewards will have to be reaped from the classroom. Teachers are by no means well-paid.

Now, do you still want to know what you can do "to clean up the college for the coming year"? Leave us to get our college educations the way we are now at the College of Marin. I have learned very little from textbooks this year as compared to what I have learned from participation in the campus life. Experience definitely is the greatest teacher, and I know that for a fact.

Town Meeting Head Provides Example

Editor, Independent-Journal:

The committee that appointed Dr. (Surjit) Singh to be chairman of the San Anselmo Town Meeting should be commended. Evidently the committee has knowledge of Singh's qualifications and background, or otherwise the committee would not have appointed him.

What I have seen and read in the Independent-Journal and the Fairfax Reporter, Dr. Singh has all the qualifications to beautify and better the lovely town of San Anselmo. Knowing Singh for some time as neighbors in Nicasio, where he owns a parcel of investment property next door to me, with lovely redwood trees, beautiful ferns, deer roaming around, sets a very good example of what he has in mind for the citizens and taxpayers of San Anselmo. . . .

Sailboat Skippers Bear Responsibility

Editor, Independent-Journal:

Because a man was lost off of a sailboat preparing to start in the Hearst Regatta last Sunday (May 12), a man who was an experienced racing skipper and crew man, we should all take a second look at the game we are playing and the responsibilities attendant when we venture out of the harbor for the fun and excitement of a regatta.

As a skipper we have all told crew members to do some pretty fantastic stunts involving either physical strength or acrobatic agility never dreamed of in the most famous circus acts! If we ignored the basic safety procedures we should follow, the fact that there were no injuries to those we've asked to help us win is just plain lucky.

You alone, as a skipper, are fully responsible for the safety of both your crew, your boat and those boats around you. For the challenge of the race should we be willing to strain every fitting and muscle on our boat, when at the start of a race it is blowing 45, as it was last Sunday, or is it the race committee's job to shoulder some responsibility and call off a race when its blowing 25 to 30 at the start? Bay conditions seldom get better as the day wears on.

There are arguments from the "old timers" or die-hards who'll "race" in a hurricane — Gung-ho, etc.! In the "old times" the boats racing on the bay were few by comparison and were heavy displacement sluggers with gear built for ocean race conditions. There are seasoned skippers who feel trying to race in survival conditions is insane but go out, using all safety precautions, because the race is still on. Then there are the majority of bay racers who own glass boats with gear built for racing under normal to severe "racing conditions" and who plague insurance companies with claims for broken masts, damaged hulls, disintegrated sails, broken gear, etc.

The attitude of carelessness or anything goes should not and must not prevail in the great sport of sailboat racing . . .

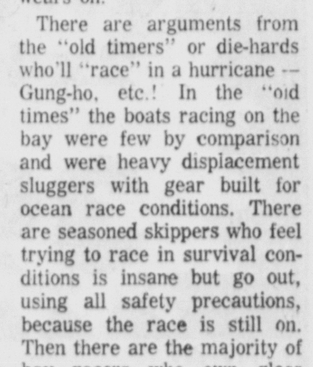
TRY AND STOP ME

By BENNETT CERF

THE PARTY ruling a country in Eastern Europe decided that one way to lure American tourists was to open a strip-tease establishment. One was duly established, and extensively advertised, but the tourists soon stopped coming.

Summoned to account for his failure, the manager wailed, "We can't put our finger on what's wrong. We serve fine food, the liquor is the best, and our service is excellent." "Then there's something wrong with your strip-teasers," he was told.



"Impossible," protested the manager. "Every one of them has been a model party member since 1922!"

MARQUIS CHILDS

Southern Candidates Seeking To Out-Wallace George Wallace

MONTGOMERY, Ala. — The turn to the right is abundantly evident here. In a runoff election for a Senate seat, Jim Allen and Rep. Armistead Selden Jr. each tries to out-Wallace Wallace. They denounce the octopus of the federal government, liberals, pseudo-intellectuals, Bobby Kennedy, the giveaway in foreign aid, and about every program of the Johnson administration. The words are often identical with what George Wallace has said a thousand times to a thousand audiences in Alabama and across the nation.

By the kind of tragic irony that marks so much of the history of the South, the Senate seat is being vacated by the retirement of Lister Hill. During his nearly 45 years in Congress, Hill labored heroically for what was assumed to be the New South. It was the South that had left behind the rancors of Reconstruction and the politics of revenge.

The New Deal was for this South a magnificent opportunity to begin to redress the balance between the industrial North and the cotton and a mule-raw-material economy of the Old South. Central to that opportunity was the Tennessee Valley Atuhority. Hill was from the start one of TVA's progenitors and champions.

More than perhaps any single legislator he helped to bring into being the National Institutes of Health. The institutes' contribution to medical research is simply incalculable. Thanks to the Hill-Burton Act, hospitals were subsidized on a federal-local basis so that while there is still an acute shortage of hospital beds it is not so critical as it would have been without a creative piece of legislation.

IN FLORIDA Leroy Collins, a former governor who gave the state one of the most enlightened administrations, is in a runoff for the governorship nomination with Atty. Gen. Earl Faircloth, who is taking a hard Wallace line. In the Republican primary Edward Gurney, a right-winger, won by a five-to-one margin over former Mayor Herman W. Goldner of St. Petersburg, even though Goldner was endorsed by the state's leading newspapers, the Miami Herald and St. Petersburg Times. If he faces Gurney in November, Collins will have an uphill fight.

The outlook in neighboring Georgia is rather different. Gov. Lester Maddox, the apostle of the axe handle for solving race relations who recently said he would rather have Fidel Castro for president than Bobby Kennedy, has been squelched by the Democratic organization. An estimated 45 per cent Negro-liberal vote, most of it in Atlanta, tips the scales. A sign of the change is that Charles Weltner, who refused as a matter of conscience to take a loyalty oath supporting Maddox, is running for Congress again, with good prospects both in the September primary and the November election. Nearly 30 per cent of registered voters in his Atlanta district are Negroes.

With Weltner, as with others who believe that in spite of Wallace the South can continue to move into the latter half of the 20th Century, so much turns on what happens this summer. Atlanta's Mayor Ivan Allen Jr. spoke frankly in Washington the other day of his fears of what can happen if far more comprehensive programs are not adopted quickly to begin providing jobs for the ghetto jobless and making a start on curing the decay of the cities.

A CENSUS of the marchers camped out in Washington near the Lincoln Memorial would be instructive in determining how many were thrown off tenant farms by mechanization and tossed onto relief, which in many parts of the South means hunger and even starvation. It would be instructive, too, to know how many of their former overlords are benefiting from the subsidies passed out to big plantation owners by the Department of Agriculture.

INSIDE WASHINGTON

Baptists Refused Permit That Is Granted 'Poor'

By PAUL SCOTT

WASHINGTON — The Johnson administration's use of a double standard in granting permits for private use of public parks in the nation's capital is creating an explosive religious-political controversy.

Baptist church leaders, including a number of Negroes, are planning to challenge the refusal of the Interior Department to allow them to stage a public march and rally on the mall during their Continental Congress of the Crusade of Americas, Oct. 10-13.

The little-noticed rejection came shortly before the White House gave the green light for the "Poor People's" Army to set up a camp for 3,000 of its followers on the mall between the Washington and Lincoln monuments. According to Crusade leaders here, the church groups were notified of the unexpected turndown by Monte E. Fitch, superintendent of central national capital parks, National Park Service, Department of the Interior. Fitch was the authorizing agent who signed the "Poor People's" permit after it was approved at the White House.

FITCH EXPLAINED the rejection in a letter to the Baptist leaders on the grounds that "because of civil strife that is taking place in Washington, we are not making any commitments or issuing permits for large gatherings in our public parks."

Crusade leaders say a second request to stage a march on the mall from the Capitol to the Washington Monument will be submitted to the Interior Department next month. The new application will cite the granting of the "Poor People's" permit as evidence the Baptists' request should be approved.

Planners of the Crusade, headed by William J. Cumbie, are going ahead with their project to find private housing for the 4,000 delegates.

In addition to the public demonstration on the mall, Crusade plans call for a series of conferences at a downtown hotel based on the theme: "Christ, the Only Hope."

The second request for a permit, Crusade leaders say, will pose the question of whether the mall is open to all groups — both political and religious.

TAKING COMMAND — President Johnson and members of his cabinet are privately discussion how the bivouacked "Poor People's" Army can be used to put pressure on Congress to support expansion of his Great Society programs.

This subject came up during a White House meeting on the $6 billion spending cut Senate-House tax conferees have tied to the 10 per cent tax surcharge proposal.

During the meeting Interior Secy. Steward Udall, who originally recommended permitting the "Poor People's" Army to build a shanty town on the mall, and HEW Secy. Wilbur Cohen proposed enlisting the help of Dr. Ralph Abernathy and his followers.

They suggested giving demonstrators a list of administration proposals to ask from Congress in exchange for public statements by government officials supporting their campaign.

The president instructed all cabinet members to submit their proposals to the White House for approval before he made final decision.

The president also told cabinet members to respond as positively as they could to the demands of the "Poor People's" leaders.

'Personal Letters' Keep Campaign On Sausalito School Tax Hot

There is a fierce but sort of private campaign under way on the Sausalito School District tax rate election June 4.

It has taken the rather unusual form of what purport to be personal letters for or against the proposed $2.40 general operating tax rate limit, the alternative to which is having the rate drop back to the statutory limit of 90 cents (plus overrides, of course). The "personal letters," however, are being mimeographed and widely circulated.

One such exchange was between Mrs. B. L. Farnham and Mrs. Andrew Kozak, both sent to many Sausalitans — not together, needless to say.

MRS. FARNHAM wrote to members of the Sausalito Woman's Club after debating the tax election at a club meeting. She denied the school district's claim that it has cut its budget to the bone.

District income rises because of increasing valuation, she said, and will increase "at least $28,000 next year."

School population "has dwindled from over 1,100 in 1963 to 861 as of April 15, 1968. . . . Some one-third of the children . . . go to private schools . . . Does this indicate a district of which our citizens can be proud?

"The district spent $2,500 on a dance program which benefited only some 50 children.

"A picture book of self-praise, called a photo-essay, to demonstrate . . . how well our children are presumably getting along together, will cost some $13,000 for 5,000 copies. The district puts $2,500 of our tax dollars into this.

"A recent article in the Independent-Journal . . . showed Larkspur . . . operating its district office with 13 people; we have 29 people. . . .

"A 90-cent rate, along with the present override taxes . . . will provide about $840 per child per year. The average for eight nearby districts is $761 per child . . . We spent in excess of $1,300 per child."

Mrs. Farnham wound up with a kicker: "Our district is in a mess. . . . If it is necessary to drop to the bottom in order to build something better, then let's get on with it."

MRS. KOZAK'S reply contradicted most of the statements. As for dropping to the bottom, she wrote that "extremists are talking this way these days, threatening to destroy our institutions in order to rebuild them according to their own desires."

"I have studied our 'facts' carefully . . . and conclude that you have been misled in many of them, or have drawn mistaken conclusions," she wrote.

"The 90-cent rate plus the overrides will generate a great deal less than . . . $840 per child . . . Our school district would lose considerable state and federal funds.

"Sausalito has a somewhat higher cost per pupil than other Marin districts — approximately $1,000 per pupils, not the $1,300 you report — but there are good reasons . . . Sausalito has led the way in small class size. Sausalito has four old costly-to-maintain buildings.

"There are only 9½ people (in) the Sausalito district office, not 29 as you claim. One hundred children participated in the dance program, not 50 . . . It was an experiment and not repeated. The photo-essay . . . was not $13,000 . . . but less that $9,000, most . . . contributed by the San Francisco Foundation . . . It is expected that this photo-essay will produce additional foundation, federal or state funds if our schools remain integrated.

"The number of Sausalito children attending private and parochial schools has always been high . . . As for next year, I think parents are inquiring about private schools because citizens like you are fighting to disable our schools with a 90-cent tax rate."

Nobody is mincing words in Sausalito, and there will probably be a good deal more hot ink going through the mails before election day.

COUNTY COMMENT

By WILLIAM D. (BILL) FUSSELMAN

Somebody's Having It Both Ways On Tax Rates, Assessed Valuation

Fusselman

There seems to be some hoo-malli-malli going again in the budget memo on page VII of the "Proposed Budget" for $28,256,460 covering 1968-69.

Before discussing that, let me say that there was an error in the column last Friday. Under "Taxes Levied" (for transit, covering two fiscal years) the first dates appearing were "1957-67." It should have read 1967-68. I hit a 5 instead of the first "6" and didn't notice it when I read my copy over. The gremlins did the rest.

NOW ABOUT the proposed budget: The county administrator starts out, "Not only has the tax rate been held, but the total budget increase is only 1.1 per cent."

Then on page XI he repeats that the increase is "only 1.1 per cent" and that "the average annual increase over the past 10 years has been 12.1 per cent." On this same page he discusses the amount raised this year by property taxes and the amount to be raised in 1968-69 or $11,422,655 currently and $12,026,655 proposed for the up coming year, an increase of 5.2 per cent.

He then goes on to say, "With a steady tax rate achieved ($2.30), there will be no increase in county property taxes on any home or other property, the market value of which has not increased." Right there is the usual hoo-malli.

Now read this: On March 15 I wrote in this column, "Some weeks ago Administrator Alan Bruce had a three-column spread in the I-J with his picture and a moan that the assessor had predicted that next year's (begining July 1) county assessment roll would only show an increase of 5 per cent instead of the usual 10. So, you see that all this righteousness of promising a tax rate freeze, no matter who said it first, is simply baloney. If the expected 5 per cent increase in assessed values occurs and there is no lowering of the budget, you will still pay more, and the grand manner of operation, which has become a way of life out there, will pose a real problem."

WHEN THE administrator says, now, that with a steady tax rate there will be no increase in county property taxes on any home or other property, the market value of which has not increased, he knows that he is not coming clean.

Furthermore if the assessed values should drop say 4 per cent, the rate would just have to be raised, unless there is a sizeable reduction in the budget.

Here is something else to consider. There were some sizeable costs this current year covering operations that will not be repeated. Were they to be, then that would be something else again and no mistake.

He can hardly say, "Look, what a good boy am I — I only increased it 1.1 per cent." The folks just won't buy that.

The office of the government is not to confer happiness, but to give men opportunity to work out happiness for themselves. — William Ellery Channing

Four Heart Patients Doing Well

HOUSTON (UPI) — The world's most recent heart transplant patient, 54-year-old Louis Fierro of Elmont, N.Y. was reported in satisfactory condition today by spokesmen at St. Luke's Hospital.

Nursing Supervisor Peggy McCall said "both of our transplant patients are having a real good night."

Fierro received the heart of a 17-year-old youth who died of a brain hemorrhage in a two-hour operation that began late Tuesday and ended early Wednesday.

St. Luke's other transplant patient, 47-year-old Everett C. Thomas of Phoenix, Ariz., entered his 21st day of life with the new organ today.

Two other recovering transplant patients were reported in good condition also. They were Frederick West, 45, at the National Heart Hospital in London, and the Rev. Jean-Maire Boulogne, 45, at Paris' Broussais Hospital.

$70,000 Allocated For 101 Resurfacing

The California Highway Commission has allocated $70,000 to resurface Highway 101 along the Richardson Bay Bridge, reported Samuel B. Nelson, state director of public works.

The existing surfacing is in need of major renovation, he said.

BIGGEST SPENDERS LOSE

Victory Voting Key Not Always Money

Large campaign expenditures apparently do not insure election to city councils in Marin.

The three largest spenders were defeated in the April 9 municipal election, according to expense statements filed by losers.

Mrs. Marsha Owen (Sally Stanford), unsuccessful candidate for the Sausalito City Council, filed the highest expense statement of any candidate, winner or loser, reporting an outlay of $1,415, while receiving $415 in contribtuions.

(Winning candidates filed their statements — reported by the Independent-Journal April 22 — before taking office, and the highest was a joint statement from Kenneth L. Anderson and James F. Reed of San Anselmo, who ran as a slate, with combined expenses of $1,124).

Second highest expense list was filed by Edward Farrell, losing candidate for the Mill Valley City Council, who got $805 in contributions and spent $1,381. Third was Joseph Bonomolo, a runner-up in the Novato City Council race, who spent $1,116.

Expense statements by other losing candidates in the April election were:

CORTE MADERA — Jack William Kelley, under $200.

FAIRFAX — Jack Haley Jr., $280; Stanley W. Little, under $200.

LARKSPUR — Henry Brocco, $433; Robert Dolman, under $200.

MILL VALLEY — Robert E. Burton, $1,002 (with $698 from contributors); and Mrs. Gladys T. Bleyle, under $200.

NOVATO — Mrs. Patricia Beyer, $710; Wilfred Lieb, $455; Wayne C. Hathaway, $286; Donald Telford, $200. (Robert Lagle . . . not filed)

ROSS — Thomas W. Jones, Henry A. Haberman, Jefferson J. Graves and Robert M. Brown, all under $200.

SAN ANSELMO — Harold E. Matteucci, Grant J. Halsing, Arthur W. Smith, all under $200. (Cecil J. Allen . . . not filed.)

SAUSALITO — Douglas P. Ferguson and Serge Trubach, under $200.

TIBURON — Fred R. Mantegani, $622; Stephen H. Nash, $386. (Fred C. Hannahs . . . not filed.)

Where candidates spend under $200 a detailed statement is not required.

Fairfax Planners Table Lot Rezoning

The Fairfax Planning Commission tabled action last night on an application from James B. Johnson to rezone six lots at Sir Francis Drake and Willow Avenue from commercial to duplex. Johnson has sold two of the lots since making the application.

The next regular meeting of the planning commission will be at 8 p.m., June 27.

Printers To Aid Minority Youth

SAN FRANCISCO (AP) — International Typographical Union Local 21 has come up with a plan to bring young minority workers into San Francisco's printing industry.

President Russell Wagle said the project would be a living memorial for Martin Luther King Jr.

He said entry qualifications would not be lowered for the special apprenticeships, but minority recruits would get tutoring to help them pass the entrance examinations.

The local unanimously voted for a program to create 39 apprenticeships for Negroes and Mexican-Americans over the next eight months.

Union members are contributing to the cost of the special tutoring which will be required.

Today is Friday, May 24, the 145th day of 1968 with 221 to follow.

The moon is between its last quarter and new phase. The morning stars are Saturn and Venus. The evening stars are Mercury and Jupiter.

On this day in history:

In 1626 Manhattan Island was bought from the Indians for the equivelent of $24 and the colony of New Amsterdam was formed.

In 1844 Samuel Morse sent the first public telegraph message from Washington to Baltimore.

In 1962 astronaut Malcolm Scott successfully orbited the earth three times.

In 1964 more than 300 persons were killed and 500 injured during a riot at a Peru-Argentina soccer game in Lima.

A thought for the day: Latin writer Publius Syrus wrote — "Learn to see in another's calamity the ills which you should avoid."

HOW TO PLAY
WINNING BRIDGE
By ALFRED SHEINWOLD

Believe It Or Not, Absolute Guess Turns Out To Be Goof

"There is no such thing in bridge as an absolute guess," Waldemar von Zedtwitz maintains. Since the New York expert has been one of the world's leading bridge authorities since the earliest days of contract bridge, it pays to listen attentively to what he says about the game.

DON'T PEEK

Assume that you are declarer at three spades with the North-South cards. Imagine also that you cannot see the East-West cards. Try not to peek.

West takes the first three tricks with the king, queen and jack of hearts. Then he switches to a low diamond. If West has the queen of diamonds, you must play dummy's jack; but if West has the ace of diamonds, you must play dummy's king.

If West is a good player (Which we will assume for the moment), he is bound to lead a diamond no matter what he has in the suit. You must guess whether he was dealt the ace or the queen of diamonds.

CONSIDER TRUMPS

Since you expect to lose one diamond trick in any case, you cannot afford to lose a trump trick. Therefore you must find the king of spades in the West hand in addition to the K-Q-J of hearts (which he has already played).

Since West never entered the bidding there is very little chance that he holds the ace of diamonds as well as K-Q-J of hearts and the king of spades. There is a reasonable chance that West has the queen of diamonds. Therefore you must play the jack of diamonds from the dummy when West leads a low diamond.

'CORRECT PLAY'

If this "guess" fails, you are not concerned because you were not going to make three spades anyway. The "correct" play in this hand is the play that gives you the best chance to make the contract, not merely the best chance to make one diamond trick. Your guess turns out to be a forced play.

DAILY QUESTION

Partner opens with one club, and the next player passes. You hold:

♠—K 4
♠—K Q J
♦Q 5 4 2
♣—9 5 4 2.

What do you say?

Answer: Bid one diamond.

The hand is a trifle too weak for a jump to 2-notrump or to three clubs. All you can do is bid your suit, such as it is, and await developments.

Safety Board Decides To Redraft Code Book

Marin County Safety commissioners decided yesterday to redraft its booklet of rules and regulations so that commissioners will have more latitude in issuing demerits for "preventable accidents."

Chairman Mario Balestrieri announced that a new draft of the commission's "duties, powers, rules and regulations" will be ready for review by the commission at next month's meeting.

Under the present wording, the rules are so restrictive that if an accident is preventable, a demerit is automatic, said Balestri. Ths results in a demerit for a scratched fender just because the employee took the time and effort to report the scratch, he pointed out.

Fire Chief Louis Bloom suggested that specific definitions that assign so many demerits to a certain type of mishap be eliminated.

Commissioners decided that the general rules should define more clearly the role of the employee, the fixed equipment and mobile equipment so that responsibility for mishaps can be traced more accurately.

Commissioners also said more information should accompany accident reports and department heads should take more interest in the safety program and be notified by commission decisions affecting employees in their departments.

No Teacher Pay Increases In Bolinas-Stinson Budget

The $190,672 budget presented to the Bolinas-Stinson School District board Monday did not include a teacher pay increase as reported to the Independent-Journal, Sept. Keith Oveson said yesterday.

Ovesson said the budget was based on the present salary schedule for teachers. The salary budget increased, however, because money was included for hiring replacements of teachers leaving after this term and additional money was included in case they are hired at higher salary levels because of more experience, Oveson said.

The budget and salary schedules will be discussed at the June 10 board meeting. There has been no mention of teacher pay increases this year, Oveson said.

The district approved a "substantial" pay increase last year, he said. Starting salary remained the same, but the top of the scale was increased $2,000 for teachers with 10 years experience.

The new budget does include a two and one-half per cent increase for non-teaching personnel.

Exchange Student Announced

Joan Harvey, Tamalpais High School junior, has been chosen this year's exchange student to Vina Del Mar, Chile, Sausalito People - to - People Committee chairman W. Bruce Shafer announced yesterday.

Miss Harvey, 17, is the daughter of Mr. and Mrs. Robert S. Harvey of 335 Tomales Road, Sausalito. An A-minus student, she is majoring in languages, history and the humanities.

She will leave for Chile on June 18, to reutrn next summer after a year in high school there.

Alternate if Miss Harvey cannot go is Liese Greensfelder, of 343 Montford Avenue, Mill Valley.

Shafer said the Sister City Fund, part of the People-to-People Committee, will not start a campaign to raise the money to send Miss Harvey. He said the Sausalito Chamber of Commerce and Sausalito Artists and Merchants have already contributed a total of $250 to the campaign.

Brush Fire Hits Central Coast

SAN LUIS OBISPO (AP)—A brush fire centered some 25 miles northeast of here blazed uncontrolled today after blackening 350 acres, the U.S. Forest Service said.

The fire, which began yesterday afternoon, swept through a small cabin area last night, but there was little damage, a spokesman said.

About 250 state and federal forestry workers battled the flames. No injuries were reported.

Housing Bill Gains In House

WASHINGTON (UPI) —A $6 billion bill to improve housing conditions over the next five years was passed yesterday by a House Banking subcommittee.

The subcommittee said many of the details in its measure were similar to a bill approved by the Senate Banking Committee.

The House bill would create 3.9 billion new units over a five year period—compared to 1.7 million under the Senate bill. The Senate version would cost about $5 billion over the period while the House version would run $6 billion.

The House authorization bill was approved in the subcommittee by a 12 to 1 vote.

Miss Marin Title Blanks Available

Candidates for the Miss Marin title at the Sonoma-Marin Fair in Petaluma, June 27-30, should get their entry blanks in as soon as possible, according to Arthur F. Canavan, secretary-manager of the fair.

Candidates must be at least 17 and never married, he said. Entry blanks can be obtained from chambers of commerce in Marin or by telephoning the fairgrounds office in Petaluma.

The winner of the competition will be eligible to enter the Maid of California pageant at the state exhibition in Sacramento, Canavan said.

Only The Bloomfield Bell Needed For Tower Ceremony

The tower built to house the embattled Bloomfield bell will be dedicated Sunday at 1 p.m. — but whether or not the bell will be there, those who know won't say.

The bell tower and shelter have been built by the Bloomfield Community Club in the Mary C. Weeks Memorial Park and the club has custody of the century-old bell.

But the bell's whereabouts have remained a secret during a feud with the Bloomfield volunteer firemen, who want the bell for their firehouse.

Legally the bell belongs to the Tomales Elementary School District, which inherited it from a school district which it annexed. The Tomales district has filed suit in Sonoma County municipal court asking the community club to return the bell.

Leon R. Beck, member of the community club said that he is the only member of the club who knows where the bell is and that the bell will be hung when the park is ready.

According to Beck, final plans for the dedication are "dangling" and no one in the community club is ready to say whether the bell would appear Sunday or not.

Paraguay lost an estimated half of its population in a bloody 19th century war with Uruguay, Argentina and Brazil.

HOW SHE OBTAINS spectacular affects like this detail of deck planting, in 20 minutes a day, will be demonstrated by Mrs. William Ferguson, whose Belvedere garden will be on view to benefit the Belvedere Guilds of Sunny Hills on June 6.

FUCHSIAS SET the color scheme for the patio garden with the pink, purple and blue shades repeated in containers of schinzanthus and petunias, and "anchor" plants, like the spectacular bougainvillea. Mrs. William Ferguson's Belvedere garden has been featured in national magazines a number of times and is a mecca for garden aficionados of the Bay Area. The Ferguson garden will be one of five on display from 1 to 4 p.m. June 6 during the Belvedere Guilds of Sunny Hills Garden Walk, tea and bazaar.

THE WATERING WAND is a magic tool for Roberta Ferguson, who finds it cuts the watering time in half. She also uses only containers over 9 inches in diameter, because larger pots retain the moisture better. Mrs. Ferguson's famous color garden includes 350 containers, which are watered twice a week.

Calendar Gardening For Color

By BETTY FROST

"There is so much beauty in Marin, but more and more we find that we must create a little of it ourselves," said Mrs. William Ferguson, whose color gardening in containers has brought pleasure to her Belvedere neighbors for 14 years.

Speaking of her garden methods, which have attracted nation-wide interest, Roberta Ferguson explained, "This type of garden is modest in terms of space, but if used intensively it offers an in-depth gardening experience. The day of large acreage for gardens and the assistance of trained garderners in maintenance is almost over. I believe that the garden is a part of the home," she continued.

In her frequent lectures before garden clubs and women's groups she tells Bay Area audiences how a non-professional keeps a family garden pretty 12 months a year.

On June 6 the inviting entry, pleasing patio, and colorful deck which surround the Ferguson home, will be open to those attending the Belvedere Guilds of Sunny Hills Garden Walk, bazaar and tea. Mrs. Ferguson will be demonstrating her time-saving techniques for the visitors. Mrs. Donald O'Leary is chairman of the annual event. Four additional Belvedere Lagoon gardens will be shown. The tour will start at San Francisco Yacht Club, Belvedere, where tea will be served and bazaar items displayed during the afternoon.

GARDENING BY the calendar is the key to the continual beauty on the Ferguson property. Roberta has kept a diary of her garden activities and plants three months ahead for special occasions. In February she plants for the opening day of the Belvedere Lagoon's sailing season in early May. Spring bulbs are planted in November. For the hardest time to get full color — the Christmas season, she plants three months ahead. For winter she plants red and white fuchsias, primula malecordes in white, and pyracanthus trimmed in topiary forms and backlighted to create a breathtaking holiday look.

To create year-round color, the garden expert has 350 containers, each planted three times a year, making over 1,000 plantings a year. While one set of plants is on display, others are being prepared in the potting shed. Planting in containers also means mobility, as certain groupings can be moved into the sun for highlighting. It also means a controlled garden. If the Fergusons, who enjoy travel, are going to be away on an extended trip, Roberta does not plant ahead for the time they will be away, so no flower care is necessary during their absence.

HER ADVICE in talking to garden enthusiasts is precise. "I share the laborious back-breaking procedures which I have refined. I also advise women to find their own approach to a garden that will be satisfying to them."

Mrs. Ferguson says "I spend about the same amount of time in the garden that I do tidying up the kitchen in the morning, and I approach it just as routinely. Even in poor weather, I put on my boating foul weather gear and work outside."

A dedicated conservationist, she asks that her lecture fees be contributed to a conservation cause in which the group she is addressing is interested. The beauty she has created at her lagoon home has attracted wide attention. The garden has been featured in national magazines a number of times, and groups from all over the country have visited this unusual Western garden at the Fergusons' invitation. Most recent visitors were members of the National Herb Society meeting in convention in Berkeley, who also visited the Roger Kent estate in Kentfield. Roberta is now preparing an article for the California Horticultural Society's summer issue.

DEBUTANTE DOINGS — A tea tomorrow at the Woman's Athletic Club in Oakland will be given by Mrs. Salvatore Cieri of Larkspur to honor her daughter, Joanne, a Marin Ball debutante this year. Guests will include a large Marin contingent, with the other Marin debutantes and their mothers invited, as well as Joanne's senior classmates at San Domenico and their mothers. Mrs. John E. Cahill of Kentfield is among those asked to pour tea. Other guests will attend from Piedmont, where the Cieri family formerly lived, and other parts of the East Bay. In the receiving line with the deb and her mother will be Joanne's grandmother, Mrs. Albert Luchetti of Oakland. And the deb's sister-in-law, Mrs. Albert Cieri of Larkspur, will assist with hostess duties.

On June 15 a luncheon and swimming party will be given by Mrs. John F. Weaver at her home in Ross in honor of Marin debutante Sue Farrell of Ross. The other Mrin debs will be guests.

CO-PRODUCERS of the comedy "The Curious Savage" Mrs. Albert White and Sali Lieberman of Mill Valley will host a sparkling wine party tonight in behalf of the board of directors of the Mill Valley Center for the Performing Arts. HELEN HELP US!

By HELEN BOTTEL

Two And One Half Big, Happy Families Get Along Very Well

DEAR HELEN:

I loved my husband, but thought I loved this married man more, so I got a divorce. Shortly afterwards, my husband married a friend of mine. We all get along well. They took the children because I was single and working, but I can have them to visit any time I wish.

The problem is, I've been drifting along for six years now, waiting for Ken (the married man) to get a divorce as he promised.

Several times he has left Myra, his wife, and moved in with me, but she is so kind and understanding about it that he moves back. I can't get tough, because Myra and I are good friends too. Whenever there's a crisis with their children, she calls me first. She doesn't mind sharing him with me, and often she seems acceptable to the divorce, but somehow it just never happens.

All of us are in the same crowd and get together quite often to play poker. We're being very modern and sensible, but where does this leave me? — AMIABLE DIVORCEE

DEAR A.D.:

Up a creek with no husband! And liable to stay that way unless you pull out of this friendly fivesome and develop some old-fashioned sense. A good poker player should know that with two pairs, there's one discard—you!—H.

DEAR HELEN:

My cousin has six of the most undisciplined kids I've ever seen. If treats are set out they'll stand over the dish eating so fast they slobber. When full, they sling the rest at each other, or rub it into the furniture.

They open the refrig door every few minutes and poke dirty fingers into everything they see. They dig into cupboards, climb all over sofas and beds with their muddy feet, demand food that is out of reach and scream if they don't get it. What they don't eat they break.

I don't blame the kids as much as I do their parents. We don't visit their house because of its sour milk smells and messiness.

But here's the problem: I guess I must have shown my displeasure, for now my cousins hardly ever come over and, when they do, things are strained. Why do I feel so guilty when I used to dread their constant visits?

Should I apologize for scolding the children and risk having them back three or four times a week, or pretend I haven't noticed the freeze? — GUILTY BUT GLAD

DEAR G BUT G:

Don't ruin a good thing: Pretend you haven't noticed, and let guilt rest on the guilty.—H.

DEAR HELEN:

As a woman in her 50s and rather proud of it, I have one complaint: why do young salesmen address us older gals as "young lady?" We obviously aren't, so it is flattery, not a compliment.

You never hear a salesman say, "May I help you, young man?" to a gray-haired gent. Are we females supposed to turn to mush and buy everything in sight, just because someone calls us young?—H.

DEAR 50:

Simmer down. Would you rather the salesman called you "granny?"

Granted, the young lady approach is obvious flattery but harmless. If it really bugs you, give the poor fellow a pat on the head, smile and call him sonny.—H.

This column is dedicated to family living, so if you're having kid trouble or just plain trouble, let Helen help you. Address Helen Bottel in care of the Independent-Journal.

Diet Saves Teeth

Mankind may be eating himself right out of his teeth, two Cornell University scientists report. Proper diet might well prevent periodontal or gum disease, the major cause of loss of teeth after age 35, say Dr. Per Henrikson and Lennart Krook. This disease is commonly blamed on weakening of bony structures supporting the teeth due to gum inflammation. They find evidence the cause is more likely that the bony structure is affected first, through lack of calcium in the diet.

Mrs. I. Wayland Bonbright To Direct Junior Theatre Of Marin

"The Sun Bell of Tung Ting," an original play by Shirley Bonbright and Joanne Dunn, will be the 23rd annual production of the **Art and Garden Unit of Junior Theatre of Marin.** After 19 years under the leadership of Marion Hayes Cain, the unit's summer workshop will have a new director this June, Mrs. I. Wayland Bonbright of Ross, who recently wrote and directed "The Wicked Witch of Indor," presented by the Masque Unit for Junior Theatre's Winter Series.

Mrs. Bonbright is qualified for her role, having acted in many Junior Theatre plays in her youth here in Marin. Older residents may also recall her regular performances as Shirley Vallerga with Peter Markopoulos on the Candy Jameson show, broadcast from 1947 to 1949 over KTIM. In 1953 she directed the first play produced by the Sleepy Hollow Unit of Junior Theatre, "The Secret of the Worn-out Shoes," with a cast of 125 children. In the year following her marriage to I. Wayland Bonbright III she assisted Marjory Trumbull in producing the television show "Exclusively Yours" on KRON but then retired to devote herself to raising a family. Her three children, David, who is now 12, Beth, 11, and Christopher, 8, have continued the family tradition by participating in many Junior Theatre plays.

Although Mrs. Bonbright has been active in many community organizations — the Sunny Hills Junior Auxiliary, the Marin Branch of the AAUW, and the Peter Pan Chapter of Children's Home Society, her interest in the theater has never diminished. She has directed the Masque Unit plays for the past three years.

ALDERSLEY DANISH Retirement Home is holding a rummage sale on its premises Tuesday commencing at 10 a.m.

This is the first time a rummage sale has been held at the home, which was established in 1921. The home is located at 326 Mission Street, San Rafael. Mrs. Harry Wall is chairman.

THE MARIN Music Teachers Association held the annual scholarship auditions Saturday at St. Paul's Corona Anderson music room.

The winning students were Clairellen Waldeck, 15, soprano, pupil of Mme. Bella Resek, and Mary Weinstein, 14, violinist, pupil of Charles Meacham. Each student was awarded a hundred-dollar scholarship.

An endowment fund has been established, the income to contribute to the encouragement of young talent. It is hoped that the growth of this fund will enable the association to expand its very worthwhile work.

THE CORTE Madera Women's Improvement Club will hold its annual tea honoring new members on Tuesday at 1 p.m. at the Corte Madera Recreation Center. The speaker will be Captain Edward R. Moore of the Golden Gate Bridge and Highway district. A native San Franciscan, Captain Moore was a professional musician before joining the Bridge as a toll collector in 1939. In 1961 he became a captain and tells stories about happenings on the bridge, which he calls a "Mouthful of Bridge Work."

Mrs. Frank Wesel is chairman of the tea and Mrs. E. A. Elias will present the new members to be honored. They are Mesdames William Chambers, Robert O'Brien, Cecil Godfrey, John Otero, Albert Sferrati, Paris Giannini, Edwin Fossan, Alfred Ferrara, Glenn Worthington, Pat Quigley, Jack Miller, Desmond Semenza, J. C. Bordanaro, Harold Hyde, Alfred Lee, Agnes Maher and Miss Eleanor Kerlin.

SAN FRANCISCO Opera Action is alerting its members and interested women in Marin to its June 4 kick-off meeting to be held at 11 a.m. at the War Memorial Opera House in San Francisco. This will take the form of a panel discussion on "How an Opera is Produced." Music critic Alexander Fried will be the moderator, with members of the San Francisco Opera staff participating.

Mrs. Edmond C. Ward of Greenbrae, Marin County chairman of ACTION, says this is a new type of preview which promises information about the actual workings of opera.

A luncheon follows the meeting. Miss Sarah Hahn is reservations chairman.

ON TUESDAY Mrs. Charles C. McAdams will have a luncheon at her home in Mill Valley. Guests are asked to make a holiday ornament to be contributed to the annual bazaar held in November for the benefit of **Our Lady of Mount Carmel Church** in Mill Valley.

Those who will attend are Mesdames John DeGere, Harry McMahan and Wesley Perez of Mill Valley, J. P. Redington of Greenbrae and Miss Torrey Bortfeld of Ross.

THE ANNUAL country fair given by **Strawberry Point School** is scheduled from noon until 6 p.m. Saturday at the school. The fund-raising event, which this year will benefit the school library, is sponsored by the Parent-Teacher Association.

Two teen-age bands, one led by Bryan Hogan, the other by Mark Nelson, will play throughout the afternoon.

Junior Girl Scout Troop 449 will conduct a bicycle safety check, with Mrs. Walter Smith, chairman.

A chicken dinner will be served at 5 p.m. Mrs. C. F. Stranzl is dinner reservations chairman. So-chairmen of the fair are Mrs. Richard Sievert and Mrs. Ernest Brown.

SLEEPY HOLLOW Nursery School, 1317 Butterfield Road, San Anselmo, invites all Marin parents and their pre-school children to their annual open house on Wednesday, from 10 to noon.

A privately owned co-operative, which requires only minimal parent participation, Sleepy Hollow Nursery School offers a two, three, or five day program.

Membership chairman is Mrs. Richard Luchessi of 61 Angela Avenue, San Anselmo.

THE THURSDAY Musical Club elected Mrs. Hugh Middleton of Belvedere president for next season. Other officers are Mesdames Phillip Smith, vice president; John Anton, secretary; Eugene Demings, treasurer; Leland Jordan, program chairman; Edward Hindley, membership; Fred Stribling, tea hostess; Eugene Lloyd, publicity; and Aaron Rucker, historian.

Mrs. M. Lee Brand Leads Chi Omegas

Leading the Marin County Chi Omega Alumnae this year is Mrs. M. Lee Brand of San Rafael, a four year member who has been vice president and corresponding secretary previously.

Typical Day In Life Of A Suburban Boy

By VIVIAN BRWON
AP Newsfeatures

Are suburban and country parents harder on their children than city parents?

One 14-year-old boy insists its true.

Life in the hinterlands is just work, work, work and school, he says. For one thing, you ride farther to and from school, and for another, chores are endless.

"City kids play after school, do their home work and relax in the evening. Maybe they go to a store to shop once in a while. But suburban kids are nagged constantly to work."

He ticks off the typical day in the life of a country boy:

1. Arise at 6, get dressed, eat breakfast, burn papers, air the dog, feed the cat.

2. At 7:15 walk to the bus, go to school (and the less said about that the better.) Discover that you've forgotten your gym suit and your lunch.

3. At 3:10 arrive home from school, change into play clothes, air the dog, eat a snack, and then be given a list of chores that must be done before 5 o'clock. (You can squeeze in some play.) Weekly chores include choices each day of washing the car, raking leaves, picking up trash, washing windows or rugs, sweeping the walk or using the hose.

4. You do your homework while your parents tell you how stupid you are. Your English is terrible, the math is wrong, the writing is outrageous. "Do it all over."

5. Eat your dinner of healthful items such as liver and beet greens (while city kids are enjoying pizza pie and orange soda in front of television.)

6. Listen to your father tell you what was wrong with your last report card, how you are going to be deprived of privileges (what are those?) unless you straighten out, that you had better not leave the rake again lying on the ground, that the car wash streaked the car.

7. Your mother comes into the act saying that when she was out you brought friends into the house and that a vase was broken, a pot was burned while you warmed up last night's spaghetti, and that you had better not cook again when she isn't around.

8. Your father says that you had better get into the bathtub and scub your dirty feet, and that this Saturday, by gosh, your hair is going to be cut to within an inch of your scalp and that you are generally on the way to becoming a bum.

9. It's 8:30, take a shower and get into bed. "Remember, you've got to get up at 6." (As if you could forget.)

SACRAMENTO BRIEFS

Long Prison Terms Held Crime Breeders

SACRAMENTO (AP) — Lengthy prison terms may lead persons to further crime when they are released, a new State Corrections Department survey shows.

The report presented yesterday to the Assembly Criminal Procedure Committee was based on two prisoner groups—one released before the usual sentence was served, the other imprisoned longer.

The report says 25 per cent of those who served longer sentences returned to prison with felony convictions, while 16 per cent of those released earlier returned.

AGE MOVE OUT

SACRAMENTO (AP) — A legislative move to allow California males to marry at age 18 without parental consent — the present law for women — has been rejected by the Senate Judiciary Committee.

The measure killed last night also would have allowed males — as females presently are allowed — to marry at 16 years if a parent gives permission.

CHILD BILL

SACRAMENTO (AP) — A proposal to allow a child 14 years or older to select which parent he wants to live with if they are getting divorced has been killed by the Senate Judiciary Committee.

The committee last night rejected the bill by Republican Sen. Clark L. Bradley of San Jose which would have made the child's choice final "unless the court finds that it is not in the best interest of the child."

NO DEDUCTION

SACRAMENTO (AP) — A plan to allow parents a state income tax deduction for costs of sending their children to private schools has been rejected by the Senate Revenue and Taxation Committee.

Supporters of the bill turned down yesterday said if the deduction were allowed, more parents would send their children to private schools, meaning the state would have to pay less to support public schools.

Reds Loft Satellite

MOSCOW (UPI)—The Soviet Union today launched its Cosmos 221 unmanned research satellite, the official news agency Tass announced.

Spouse Is Bitter

LARAMIE, Wyo. (AP) — Albany County Assessor Rose Rasmussen found on one property assessment tax form a man listed his wife's occupation as, "Speaker of the House."

MOTION PICTURE GUIDE

The Marin Motion Picture and Television Council provides these ratings of movies currently being shown in Marin County. The Council's findings are from California and National P-TA magazines and the "Film Report" of the Film Estimate Board of national organizations. More complete reviews may be obtained by calling the San Rafael or Mill Valley libraries.

FOR THE WHOLE FAMILY:

"Endless Summer" — Beautiful and exciting travel film of surfing around the world, splendidly photographed.

"Sound of Music" — The enchantment of Julie Andrews enlivens a sentimental musical.

"Yours, Mine and Ours" — Widower with 10 children marries a widow with eight children. Plot adroitly interweaving mature love with drama inherent in raising 18 youngsters. Delightful entertainment.

ADULTS AND TEENS:

"Fitzwilly" — Roguish fable done with humor and rare good fun. Not planned for the moral edification of children.

"In the Heat of the Night" — An exciting film that reflects old and new attitudes . . . an absorbing but sobering mystery.

"One Million B. C." — A stone age story of two cultures, complete with dinosaurs and earthquakes.

"Professionals" — Mexico 1917 . . . tense action makes a rousing adventure film . . . dialogue and situations have some raw moments.

"War Lord" — Brutal, long-drawn-out 11th Century spectacle.

"The Whisperers" — English film of moving realism. Dame Edith Evans creates a memorable portrait of an impoverished old woman.

BORDERLINE

(Some say Adults only):

"Bonnie and Clyde" — A chapter in the gangster history of the 1930s brought to vivid life . . . tells the pitiful truth about the pair.

"Firecreek" — Violent and brutal western melodrama, theme of non-involvement in other people's problems.

"In Cold Blood" — Frightening and absorbing adaptation of the book, this semi-documentary re-enactment of the pointless murder of the Clutter family is a grim, chilling table.

ADULTS ONLY:

"The Graduate" — Satirical comedy is subject to various interpretations. Some dialogue and unorthodox use of Christian symbols may be offensive.

Engineer Given Bay Water Post

I-J Special Report

OAKLAND—Fred H. Dierker, chief engineer of the San Francisco Bay Regional Water Quality Control Board for the past 18 years, today was selected as the board's executive officer.

The chairman of the board, Jerome B. Gilbert of Novato, announced the appointment of Dierker, 50, a resident of San Lorenzo.

Dierker replaces John Harrison, who retired in April.

Dierker received a bachelor of science degree in engineering from the University of California. During World War II, he designed water supply and waste disposal systems in Europe and the Pacific.

Tiburon Street Repairs Asked

Tiburon City Council on Monday will consider a recommendation from City Mgr. Lawrence D. Rose to overlay Diviso Street and repair Reed Ranch Road.

The council meets at 8 p.m. at city hall.

The overlay, at a cost of $1,150, would be an extension of repair work on Diviso Street approved May 13 by the council. A critical problem on Reed Ranch Road needs immediate repair at a cost of $500, according to Rose.

Rezoning of the Taylor tract, abatement of bees at 10 St. Bernard Lane and a committee report on the Hilarita site, are also on the agenda.

FESTIVAL OF SPRING AT COLEMAN SCHOOL

Gusts of wind add to the infectious gaiety of children as the boys march precisely with their massed flags while the girls twirl gaily around the maypole in the fifth annual spring celebration at Coleman School in San Rafael yesterday. All the school's youngsters, wearing various bright colors, participated in dances on the sunny playground. Afterwards, the children joined their parents for a picnic lunch at outdoor tables under the trees. (Independent-Journal photos by Jim Kean)

SERVING ALL OF MARIN COUNTY

THIRD SECTION SAN RAFAEL, CALIFORNIA, FRIDAY, MAY 24, 1968 23

One-To-Life Term Ordered For Dope Sales

Judge Joseph G. Wilson of Marin Superior Court today sentenced Eldon Carl Valasco, 31, of Fairfax to state prison for a one-to-five-year term for selling methedrine and a one-year-to-life term for selling marijuana.

The terms are to run concurrently, Judge Wilson said.

Deputy Dist. Atty. Jerry R. Herman had asked the prison sentence for Valasco, saying that this would bring about "the deterrent effect we want in Marin County. We want to show that these individuals are going to be given stiff sentences.

Herman said that Valasco will probably be eligible for parole in three and a half years.

Judge Wilson ignored a request by Valasco's attorney, Stephen Koolpe, that Valasco be sent to a rehabilitation center for narcotics addicts.

The judge said "it seems clear that Mr. Valasco has to be taken out of circulation for some time. He is a fairly sophisticated salesman of drugs. His activities constitute a clear menace to the community."

Valasco was arrested during February's countywide narcotics roundup. He testified during his trial that he had sold $2,700 worth of methedrine to agents of the Marin County Drug Abuse Bureau and had furnished agents with marijuana but that he had been "trapped" into doing so.

THE COUNTY BUDGET

Beating The Bulldozers Boosts Marin Park, Recreation Costs

By WAT TAKESHITA
(Fourth of nine articles)

Ten years ago, Marin County had no organized program for parks and recreation.

The few county parks were left more or less in their natural state with an occasional cleaning and patrolling by the Department of Public Works.

Thus, in the 1957-58 fiscal year, the budget shows $2,720 for maintenance of Miller Creek, Drake's Beach, Bolinas Park and McClure's Park. The state had taken over the operation of Stinson Beach the previous year.

In 1958, a committee appointed by the Marin County Board of Supervisors recommended the establishment of a parks and recreation commission. The commission was established that year, and its first meeting was held on Feb. 20, 1959.

A full-time parks and recreation driector (Kevin Nelson) was hired in April of 1963. The budget that fiscal year (1962-63) totaled $47,296, including $30,000 for improving Paradise Beach Park, and salaries for the full time director and one caretaker.

The first stage development of the Muir Bach Overlook commenced and the area was opened to the public. A boat launcing ramp was completed on the Petaluma River at Black Point.

But the Marin Parks and Recreation Department was still a part of the county planning department. In May of 1965, it was detached from the planning office and became an independent department.

Today, the 1967-68 fiscal year, the staff has grown to seven, and the budget to $261,625.

For next year, the department is proposing a $496,694 budget, with the county administrator recommending the supervisors trim it to $469,409.

The biggest spurt of activity came since the hiring of Pierre W. Joske as director on March 1, 1966.

Some of the major projects undertaken under Joske's regime were the acquisition of land at Stafford Lake and Bolinas Lagoon, joint development of the 50-acre Deer Park with the Fairfax School District and Marin Municipal Water District, continued developemnt of Paradise Park, and continued efforts to purchase the 18-acre Anthony Carrozzi property near Muir Woods National Monument.

Joske's aim has been to push ahead with large countywide parks near population centers and along the bay shoreline, while at the same time cooperating with smaller communities and cities in developing neighborhood parks.

The Parks and Recreation Commission, headed by Melton Ferris, has backed Joske in such major projects as the proposal to build a large park in the Corte Madera tidelands at no cost to taxpayers, through a dump and fill operation.

The commission, eying such possibilities as acquiring China Camp in East San Rafael as a memorial to the late Caroline S. Livermore, is trying to build up a site acquisition fund large enough to be effective when opportunities for purchase arise.

New construction at the Civic Center will impose new burdens on the department. In the new fiscal year beginning in July, the department will take over the maintenance of landscaping and grounds at the Civic Center, the old courthouse in San Rafael, Juvenile Hall in Lucas Valley, along portions of county roads, and in flood control areas. This means that the present staff of seven will jump to 19.

The department, therefore, asks for a budget of $496,694, which the county administrator would trim.

The increase in the total acreage of Marin County park land during the past 10 years has been just as dramatic as the rise in total budget.

In 1957, the county owned a total of 61 acres in county parks, of which 50 acres was water at Drake's Beach. The county's land holding included Bolinas Park (.7 acre), Miller Park (5.7 acres), Drake's Beach (4 acres), and the parking area at McClure's Beach (.5 acre), or a total of 11 acres.

Added during the next five years were the Tiburon Uplands Nature Preserve (18.6 acres), Paradise Beach Park (18.1 acres), Muir Beach Overlook (8.9 acres) and Black Point launching area (.8 acre). By 1962, the county owned 107.3 acres, including 50 acres in water.

The largest acquisition came during the past five years. Agate Beach (6.6 acres), Howell Botanical Gardens in Tiburon (1.92 acres), Harbor Cove Tidelands (11.18 acres), Kent Island and Audubon Society tidelands (116.8 acres) and Stafford Lake Park (64.2 acres).

In 1965, McClure's Beach parking area and Drake's Beach, with its 50 acres of water, were deeded to the Point Reyes National Seashore. Even with this reduction, the county's total park ownership today stands at 253.5 acres, as compared with 60 acres (50 in water) ten years ago.

Here again, as long as the county demands more recreation and wants to save open land from the bulldozer, the budget for the Department of Parks and Recreation will continue to rise.

(Tomorrow: The Marin County Probation Department.)

Tomales Teachers' Pay Boosts Granted

The Tomales Joint High School District board last night gave all teachers the salary scale increase they requested at the May 10 board meeting.

The beginning salary will rise from $6,336 to $6,600 per year and the top of the scale from $11,519 to $12,690, according to Garland Anderson, chairman of the teachers' salary committee.

This amounts to a 4 per cent increase in the first step and gradually goes to 10 per cent in the 12th step, Anderson said.

Total cost to the district for this increase is $13,000 per year, Anderson said. The budget for teacher salaries, including the increase, for fiscal 1968-69, is $147,000, he said.

The increase in assessed valuation should take care of the increase in salaries, not changing the $1.32 tax rate per $100 assessed valuation, according to Anderson.

The Tomales High School District Board also:

VICE PRINCIPAL — Hired Neil Benton as vice principal at $13,250 per year.

BUILDING — Heard a report that concrete was poured for the foundation for the high school.

SURVEY — Heard a report from Robert de la Vergne, chairman of a student survey committee, that it would cost about $3,335 to make a survey of former students. The board named him and Supt. Anthony Matulich to a committee to see if the survey could be made with volunteer help.

SCOUTS — Approved a request by Keith Collette, scoutmaster, for the Tomales Boy Scout Troop to use the school building for a meeting place.

MEETING — Set 8 p.m. June 6 at the high school for its next meeting date because of a conflict with the graduation on June 13.

'Unmarked' Police Cars In A Tangle

The hippies were laughing in their beards at Sausalito's Vina Del Mar Park yesterday. They were witnesses to a head-on collision between two unmarked Sausalito police cars — one of them driven by Police Chief Edward S. Kreins.

No one was injured. Police, a little abashed, had not completed a report on the accident this morning, but a witness gave this account:

Kreins, driving counterclockwise around the park at 3:50 p.m., made the sharp left turn from El Portal onto Park Street and apparently crossed over the center line — just as the other car, containing one uniformed and two plainclothes police, came the other way on Park and the cars hit head-on.

It was also a bad day for another police fleet car. A patrol car was damaged at 1:35 a.m. yesterday after Patrolman Thomas H. Zink stopped a driver on Bridgeway for investigation on speeding. Zink told Robert E. Holmes, of 2112 Danbury Lane, San Rafael, to turn off his car's engine. Holmes got in his car and somehow threw it into reverse, backing into the patrol car and crumpling a fender.

Holmes was booked at Marin County jail by the California Highway Patrol for investigation of being drunk in or about a vehicle.

Marijuana Trial Enters Second Day

Testimony in the jury trial of Raymond Bruce (Sonny) Edwards, accused of selling marijuana, went into its second day today in Marin Superior Court.

Edwards, 26, of San Rafael, is accused of selling two pounds of marijuana to Marin County Drug Abuse Bureau undercover agents in Novato Jan. 16. Trial is before Judge Thomas F. Keating.

Recorder Stolen

County Sanitarian William L. Desmond reported to San Rafael police yesterday the theft of a tape recorder, valued at $75, from his parked car at 5th and Tamalpais avenues. Desmond lives in Corte Madera.

Weekend Circus To Aid Charity

A circus including elephants, poodles, clowns, high-wire acts and seals will be sponsored by the Marin County Deputy Sheriff's Association tomorrow and Sunday at the Marin Catholic High School football field, Kentfield.

A portion of the gate will go to Marin Aid to Retarded Children, reported Weldon C. Travis, association president.

There will be performances at 2 p.m. and 8 p.m. tomorrow and at 1:30 p.m. and 5:30 p.m. Sunday.

Free parking will be available at the College of Marin parking lot on College Avenue. A fleet of buses will provide transportation to the high school at no charge, Travis said.

Storer Will Visit In Corte Madera

Supervisor Thomas T. Storer, campaigning for re-election, will meet the people in Corte Madera tomorrow at the Corte Madera Recreation Center from 11 a.m. to noon and at the Co-Op building from 1 to 2 p.m.

High school students will accompany Storer and distribute literature to voters.

Firemen's Home Decision Delayed

No decision was made last night by the San Rafael Fire Commission on the request of firemen that they be allowed to live outside Marin County.

Commissioners decided to investigate the cost of living of Marin County and other areas before making a decision at the June 6 meeting.

The firemen want the residence requirement changed from Marin County to an area within a 30-mile radius of San Rafael.

THE HOUSE AT THE TOP
We mean just that. The lot is level, yet at the top of Buckeye Circle, with a breathtaking view. The back portion is wooded like a park, with a small creek and your own picnic area. The house is nestled on the front of this spectacular lot, and is brand new and probably the only one of its kind in this area. Built on the lines of a Tahoe ski lodge, the walls are heavy log construction, yet the interior is very plush, with the finest acrilon carpeting, all-elec. kitchen with avocado green appliances, marble top vanities in the bathrooms, cathedral ceilings in the staircase and upstairs bedrooms, natural cedar ceilings accentuate the exposed beams thruout. A rear sun deck is extended over the creek. Spanish tile floors in the kitchen, laundry room and the bathrooms. The whole house is completely insulated beyond what this area calls for. A heavy shake roof completes this truly top house. Price only $32,000. See this Sunday — 22 BUCKEYE CIRCLE. (Railroad to Carson to Redwood Road, and the end of Redwood Road to Buckeye Circle).

When a use is a home occupation, it means that the owner, lessee, or other persons who have a legal right to the use of the dwelling unit also have the vested right to conduct the home occupation without securing special permission to do so. However, such person shall be subject to all conditions which are applied in this Title 14 generally, such as off-street parking; and to all other permits required under the City Code, such as Building Permits and Business Licenses.

HOW TO KEEP WELL

By DR. THEODORE R. VAN DELLEN

True Multiple Personality Is One of Medicine's Rarest Woes

VAN DELLEN

True multiple personality is one of medicine's rarest psychiatric disorders. Doctors Corbett H. Thigpen and Hervey M. Cleckley wrote a book about such a case, "The Three Faces of Eve." The woman was a victim of multiple personality for 27 years. Her story is stranger than fiction.

Eve White (a fictitious name) was inhabited by three different personalities—saintless, deviltry, and common sense.

FURTHERMORE, she was totally unaware of the conflict of each soul struggling for control. Only when the three blended into one did a well-integrated person emerge; one who could act and think in a mature way.

This strange phenomenon, used as the theme of a movie, also was the subject of many articles.

Behavior is a complex mechanism.

One part of the psyche wants to be sinner, another saint, and somewhere between the two normalcy enters. The individual finds it difficult to live with himself if he is bad and wants to be good or vice versa. The ensuing conflict causes feelings of guilt, prolonged worry, disappointment, and anxiety.

Those who mature normally have learned to face up to life. They are able to cope with problems.

Neurotics may be unable to adjust especially when disturbed by an uncongenital occupation, worry, guilt or anxiety, or an unhappy marriage and home life. These individuals evade or ignore the true causes of their problems.

OUR FINEST psychiatrists have spent a lifetime trying to uncover the origins of the neurotic's strange behavior.

Perhaps when we learn the secret of happy living, mental illness will be a thing of the past.

FALLEN HERO — Third base umpire John Kibler rushes to the aid of San Francisco rookie third baseman Frank Johnson after he was hit in the face by grounder hit by Joe Torre of the Braves in Atlanta last night. Johnson suffered a broken nose and will undergo plastic surgery. Shortstop Hal Lanier looks on. Giants won the game, 5-4, to take over first place in the National League. (UPI Telephoto)

Giants In First Place, Johnson In Hospital

CHICAGO (UPI)—The San Francisco Giants today opened a three-game set with the Chicago Cubs one game in front in the tight National League race, but minus one third baseman.

Young Frank Johnson was felled by a savage grounder smashed by Joe Torre in yesterday's 5-4 win at Atlanta. He was rushed to the hospital where plastic surgery was performed during the night to mend a compound fracture of the bridge of the nose. It was a strange coincidence that Torre has just come back to action after a similar face injury which also required surgery.

Juan Marichal (6-2) faced Ken Holtzman of the Cubs (3-2) in today's Wrigley Field encounter.

Yesterday's contest at Atlanta was a thriller as the Braves fought back from 2-0 and 4-2 deficits to tie the count before the Giants finally pushed one across in the ninth when Ron Hunt got his third single, was sacrificed to second, took third on a groundout, and came home on a wild pitch. Then in the bottom of the ninth winning hurler Frank Linzy gave up a double to Mike Lum but retired the heart of the Braves batting order.

What with Los Angeles winning at St. Louis, 3-2, it put the Giants one game up on the Cards and two ahead of Atlanta. But it's still only five games from top to bottom in the well-balanced race.

The Braves hit starter Gaylord Perry hard with Torre cracking four hits, including a homer. The Giants won it on three unearned markers as Deron Johnson's error on Jim Hart in the third turned into two markers when Dick Dietz followed with a double.

Torre's homer tied the count and then singles by Hunt, Jim Davenport and Ty Cline's double paved the way for two more Giant tallies in the seventh. But the Braves knocked Perry out in the eighth and tied the count as Tito Francona singled, Henry Aaron tripled and Torre got another hit.

That set the stage for the ninth as the Giants tallied and then Linzy, making his 19th appearance in the 40 Giant games, gave up the hit to Lum but retired Felipe Alou, Francona and Aaron.

Drake Car-Boat Show Turning Into A Biggie

It started out in 1966 as a little putt-putt but today it is the largest and most diversified show of its kind in California.

I refer to the Drake Car and Boat Show which will unfold at scenic Sunny Hills in San Anselmo Sunday, 11 a.m. to 4:30 p.m.

So you don't believe it's the largest in the state? Give a listen to Mike Convis, president of the Drake Scholarship Foundation which benefits by this extravaganza: "We started out with a little family affair but this Sunday we can make the claim, by actual count, of being the largest. True, we won't have the celebrities that Hillsborough has, but we will have more entries and a show that will appeal to all ages — racing cars, motorcycles, bicycles, speed boats, antique cars and hot rods.

"An example of our show's importance is that Sunset Magazine plans to send a photographer and reporter for a possible feature. Also, the California State Automobile Association is sending its public relations man to photograph it and assist in planning the show for next year. It appears as though the era of the giant car show has hit Marin again."

115 Entries Expected

Convis said there will be approximately 115 entries from 36 cities by showtime Sunday. He said there will be 17 separate judging classes of cars, bikes and boats. "The greatest collection of hot rods ever assembled in this area will be divided into five classes," he said.

Among the more interesting entries, Convis said, will be the Lotus II racing car formerly owned by Nick Renolds of Kingston Trio fame, the Camaro racer owned by Peter Berg of Tiburon, and a couple of motorcycles valued at $5,000 and $3,000 owned by John Gordillo of Fremont. Another two-wheel gem will be the Gary Lindstrom motorcycle that won first place at the Oakland Roadster Show.

Shucks, I might even enter my Yamaha 100. Zoom-zoom. Bring on the Hell's Angels.

No Truth To This Rumor

JIM SHORTS — Now that Tony Bailey has moved up to the College of Marin staff, there's no truth to the rumor that Redwood High School principal Donald Kreps will name Elizabeth R. Blodgett the school's new track and field coach.

San Rafael tire titan Arthur "Firestone" Brodie has an extra set of complete accommodations for next Thursday's Indianapolis "500" if everyone's interested. Included are plane and hotel reservations and a choice ticket on the hard fourth turn where all the action is. Big Art can be contacted at San Rafael Tire and Brake.

They say Terra Linda's Bill Lee is like a broken drum or a hard boiled egg because he's unbeatable. The stylish southpaw pitcher had a 4-0 record for USC's championship Trojans this season with a 1.93 earned run average.

Just Some Horsing Around

It's I-J printer Kent Dreitzler's observation: "Those tire-chalking San Rafael meter-maids look like they're playing motorized polo in their little putt-putts." No, Kent, they're just horsin' around in their pink slips.

When Manager Joe Anselmo of the San Rafael Braves scheduled a game with the San Quentin inmates' baseball team this Sunday he made a deal with the warden: "If you promise to let us out after the game I'll promise we won't steal any bases."

Thus, Anselmo arranged to end a sentence with a proposition.

UCLA'S Allen Arrested

LOS ANGELES (AP) — UCLA basketball star Lucius Allen was arrested last night on a charge of possession of marijuana, and later the university said he had previously joined the National Guard and withdrawn from school.

Allen, 20, guard on the Bruin's national championship basketball team, was arrested with four friends when police detected the odor of marijuana after halting their speeding car in an alley in central Los Angeles.

A UCLA spokesman said Allen was going on active with the National Guard within a week. "We just found out about this," the spokesman said. "We are definitely not counting on him to play for us next year."

It was one year to the day that Allen was arrested at his West Los Angeles apartment and charged with possession of marijuana, a charge which was later dropped.

ALL STUDENTS

Booked with Allen were Melanie Martin, Alla L. Bullen, Bonnie Jean Goss and John Woolery. Police said all were UCLA students in their early 20s. Allen is 20.

On May 23, 1967, Allen was arrested when police said they found marijuana in a car owned by Allen. He was later released on $1,100 bail and the charge was dropped after a closed hearing in municipal court.

When Allen was arrested last year, Coach John Wooden took no immediate action, saying it still was the off-season.

"If he had been arrested during the season," Wooden said last year, "I would have taken immediate action. But because we're in the off-season, we'll have to wait."

SECOND SCORER

Allen was second high scorer for the Bruins in his sophomore season as the Bruins won the national title.

This year, when UCLA won its second straight title and fourth in five years, Allen, a junior, was named a second-team All-American and was named to the NCAA All-Tournament team in this year's finals.

He was expected to be the only experienced guard on next year's Bruin team. Heading the returnees, however, is Lew Alcindor, the 7-foot-1½ super-center.

Top-Flight Soccer Scheduled Sunday

Perhaps the best amateur soccer team in the world will test America's pro champions when Manchester City invades the Oakland Coliseum for a game against the Oakland Clippers Sunday at 12:30 p.m.

LEAGUE LEADERS

Tigers Invade Oakland

OAKLAND (AP)—The American League-leading Detroit Tigers open a three-game series tonight with the Oakland A's, intent on putting some number besides zero on the Coliseum scoreboard. Game time is 7:30.

Jim Hunter, 4-3, tries to add to the string of 18 scoreless innings by A's pitchers as he opposes Earl Wilson.

While the pitching has been superlative, the A's hitters have produced only four runs in the last 29 innings.

"If we ever get hitting to go with our pitching, we'll be unbeatable," says A's Manager Bob Kennedy.

The A's top hitter, Rick Monday, .305, may start tonight, says Kennedy. Monday sprained an ankle a week ago but came back Sunday and homered in a pinch hit role.

Lew Krausse, 2-4, faces Detroit's Denny McLain tomorrow night and the A's Chuck Dobson, 2-4, opposes Joe Sparma Sunday afternoon.

The league defending champions, the Boston Red Sox, follow Detroit into Oakland Coliseum with three night games and an afternoon game on Thursday.

Carl Yastrzemski, and perhaps Cy Young Award winner Jim Lonborg, will make their Oakland debut. Lonborg, injured in a winter skiing accident, has been working out and may be ready to pitch by the time the R Sox arrive.

After the Red Sox leave, the California Angels arrive for three games.

McLendon Making Himself Known At Memphis Open

MEMPHIS, Tenn. (AP) — The fans who saw B. R. McLendon sink a 20-foot eagle putt to share the first-round lead in the $100,000 Memphis Open Golf Tournament figured he was happy as a lark. But his wife, Joan, knew better.

"He didn't say anything to me, but when I saw him go to the practice tee after coming off the 18th, I knew he wasn't happy with his woods and long irons," the pretty blonde said.

"I'm satisfied with his game, especially after winning the Magnolia in this first tournament and then leading here, but I don't think he is."

McLendon, 22, who won the 1965-66-67 Southeastern Conference golf titles, came into the Memphis Open yesterday virtually unknown to the gallery. But veteran Fred Haas watched him last week in the Magnolia Classic at Hattiesburg, Miss.

"This McLendon is going to make it," Haas said. "He's good —real good."

Jim Lunn, 23, of Sacramento, shared the first-round lead with McLendon as both came in with five-under-par 65s yesterday. Lunn finished the round three hours ahead of McLendon, a late starter.

Lunn had never played the tournament course at Colonial Country Club until yesterday, and McLendon had not shot the back nine where he tapped in his eagle putt.

Like McLendon, Lunn also got in some practice following the first round.

"This is a small course, so I sacrificed distance for accuracy," Lunn said. "The best part of my game was keeping my driver in play and saving those wasted strokes you get if you leave the fairway."

Lunn bogeyed only one hole and McLendon only two.

Larry Hinson, 1967 NCAA champion from East Tennessee State University, shot a 67 and tied six others for seventh place.

McLendon, playing his second tournament, said he simply tried to play the course yesterday and not worry about other golfers. "Thursday was my best round as a pro."

Only one stroke off the lead going into the second round were R. H. Sikes, Dick Mayer, Jack McGowan and Larry Mowry.

Arnold Palmer, golf's all-time leading money winner, shot a 69 in what he called an uninspiring round for Arnie's Army to watch. Jack Nicklaus, playing with him, had a 71.

Ron Cerrudo of San Rafael was far down the list at 74.

RYUN BATTLES MONO; DOCTOR ORDERS REST

LAWRENCE, Kan. (AP) — Jim Ryun, world record holder in the mile, was told today he has a mild case of mononucleosis and should suspend training for at least two weeks.

Ryun confirmed he had been examined earlier this week by Dr. John Barton, University of Kansas athletic team physician, and told of his present condition.

Barton said "as near as one can tell Jim Ryun is suffering from infectious mononucleosis. You can never be absolutely sure but I would say there is a 99 per cent chance this diagnosis is correct."

No Night Racing Just Yet

SAN MATEO (AP) — Pari-mutuel clerks who want a bigger share of the take have forced postponement of California's first night season for horse racing.

The Pari-mutuel Employes Guild terminated its contract yesterday, just a few hours before night quarterhorse racing was to open at Bay Meadows.

The guild wants 10 per cent premium pay for night work, which would mean a $4.50 average nightly differential.

Pari-mutuel clerks average $45 a day, $70 a day for supervisors, said Dr. William J. Ward, general manager of the Peninsula Horse Racing Association. The PHRA offered $1.50 nightly differential but increased it to $1.75.

The guild terminated its contract after Chairman E. A. Hills of the California Horse Racing Board said it could not strike until 15 days after it gave notice.

"Under rules of racing," said Hills, "any licensee planning a stoppage of racing must give 15 days notice. This we have not received."

The contract termination was intended to evade this provision.

The PHRA has asked the clerks to work while negotiations continue, but they had not yet agreed.

Novato Golfers Win Marin League Title

The improbable 1968 Marin County Athletic League golf race snake-eyed its way to a decisive and jarring finish yesterday at Mill Valley where Redwood got a tie to give Novato a win.

Redwood put the finishing touches to a disastrous week for the upstart Tamalpais Indians by getting a 176-176 tie at Mill Valley Municipal Course, which is a little like hustling Minnesota Fats with his own cuestick.

At any rate, the tie knocked the Indians out of first place, and gave Novato its second straight title after the Hornets had nearly stumbled right out of the race in the early going.

In other matches, the Hornets, paced by Ray Leach's par 36, whipped Terra Linda, 204-235 at Indian Valley and Drake mussed up Marin Catholic, by, 220-259 at wind-swept San Geronimo after bowing to San Rafael 199-216 at Peacock Wednesday.

Wayne Duerson of Redwood and Jeff DeVoto of Tamalpais both shot one-under par 32s in the crucial at Mill Valley as the Giants and Indians swapped man-for-man identical scores.

In the Drake-San Rafael match, Doug Francisco shot a 36 for the Bulldogs.

Tamalpais finished at 9-2-1 and Novato won it with a 10-2 mark.

There's always next year for the Indians, who return all of their starters.

N. L. Headquarters Watches Scoreboard

ATLANTA — Until the Phillies cooled the Cardinals in a three-game series sweep at Philadelphia, the National League baseball race of 1968 was beginning to look like a repeat of last year's runaway by the Cardinals.

Runaways, such as the 1967 romp of the Cardinals who finished 10½ games in front of the second place Giants, are not good for gates anywhere except, of course, in the park of the front runners.

So it is only natural that runaways are feared by club owners and league headquarters. However, owners seldom squawk about spotty attendance. They solve the problem in another way. They move bats, balls, team and franchise to virgin territory. That's the modern way.

LESS DRASTIC solutions to attendance problems must be found because there is little virgin territory left for restless major league owners. Expansion and re-expansion of both major leagues during the past decade have seen to that.

The soundest solution to attendance problems is a tight race from spring to fall. Thus, when the Phillies stopped the Cardinals last weekend there had to be joy in the Carew Tower. That's where National League headquarters are located in Cincinnati.

DAVE GROTE, the league's publicity man, wore a worried look a couple of weekends ago when he visited Crosley Field to watch the Giants in action against the Reds.

It's still a little early in the season to play scoreboard. But Grote was playing scoreboard, a worrisome game in which inning-by-inning results from other parks, particularly that of the league leader, are closely followed with appropriate comments.

AT THE TIME the Cardinals were widening the gap between themselves and the rest of the league. Grote groaned inning-by-inning and game-by-game as the Cardinals climbed 10 over .500 at 20-10 while the rest of the league hovered around the .500 mark.

"Being from the league office I'm forced to be neutral," said Grote, "but somebody has just got to stop those Cardinals. And I don't mean winning two out of three from them as the Giants did in Candlestick. Somebody has got to sweep them."

Grote had to be happy last weekend. He's a rooter. But mind you he's a neutral one. He's from the league office.

North Coast Track Test Tomorrow

This is where they separate the men from the boys and the Marin County Athletic League should come up with a few men.

The North Coast Section finals are traditionally where the going gets tough for division winners and tomorrow's meet at Santa Rosa Junior College won't be any different, with finals starting at 1 p.m.

Alan Lee, Tamalpais High School speedster and Terra Linda hurdler Lowell Harris, both of whom seem just to be hitting their strides, could conceivably come up with first places and some best times at Santa Rosa's rubberized asphalt track.

Lee, who won the division 100 in 9.8 and the 220 in 21.9, holds the best times among the survivors from four divisional meets, and could go down to 9.7, perhaps a 9.6. He is unbeaten this season.

Harris, who won the division in a 14.3 time in the highs and a 19.3 in the lows, could also go lower than that but could get a big push from Kirk Davis of Berkeley who had done 19.3 but won his division in 19.6.

Tam's 440 relay team won the division in 43.1, best among the teams at the meet. El Cerrito won their division in 43.3.

Among the Bees, Rich Smartt of Drake in the high jump, Wayne Horiuchi of Redwood in the mile and Kevin Pusser of Redwood, who led a 1-2-3 division sweep in the two-mile, all could do well. For the Bees, the North Coast is the end of the road.

The top four varsity finishers at the North Coast test will qualify for the California state championships.

Junior Olympics For Swimmers

Swimmers from Marin, San Francisco, Sonoma, Napa and Solano counties will converge on the College of Marin pool in Kentfield tomorrow and Sunday to compete in the Northern California Section C Junior Olympics qualifying meet starting at 9:30 a.m. each day.

Eight fastest times in each event will qualify for the Junior Olympics finals to be held at Foothills High School in Sacramento June 1-2. This weekend's meet at Kentfield will be hosted by the San Rafael Swim Club and admission is free. Other qualifying meets this weekend will be held in Mountain View, Sacramento and San Leandro with approximately 2,500 swimmers competing.

Giants' Skipper Franks Takes Position In Stride

By U.P. INTERNATIONAL

Herman Franks has been there before, but never when it really counted.

It's not surprising then the San Francisco manager seemed almost nonchalant last night following his club's 5-4 victory over Atlanta which boosted the Giants into first place in the National League.

"It's a long way to the end of the season," Franks said in the unusually quiet Giants dressing room. "There's still a long way to go.

"But, it's great to be in front. I'd rather be there, instead of trying to catch up," added the man who has coached the Giants to second place finishes in each of his three seasons as manager.

JUNE WATERLOO

The Giants are notorious for their quick starts, but have a bad habit of falling prey to the "June swoon," a malady they hope has been cured with the month of June quickly approaching.

The Giants took over the top spot with help from the Los Angeles Dodgers, who whipped the St. Louis Cardinals 3-2 in 11-innings to hand the slumping world champions their seventh loss in the last eight games. The only other two scheduled contests in the senior circuit, Pittsburgh at Chicago and New York at Philadelphia, were rained out.

The only action in the American League saw Cleveland use four homers and Sonny Siebert's seven-hit pitching to beat California 9-2. Chicago at Washington was rained out while all other A.L. clubs had the day off.

BIG SINGLES

Bob Bailey's 11th inning single scored Willie Davis with the run that gave the Dodgers their win over St. Louis and dropped the Cardinals out of first place for the first time since April 20.

Len Gabrielson hit his first homer for Los Angeles and John Purdin allowed just one single in two innings of relief to gain credit for his first win.

Max Alvis, Jose Vidal, Tommy Harper and Jose Cardenal homered for the Indians, who moved to within 1½ games of league-leading Detroit with their victory. Siebert, in addition to notching his sixth victory against two defeats, singled home the first two Cleveland runs.

Question: What Is Average Mark?

NEW YORK (AP) — How about guessing the average major league batting mark so far this season.

Okay . . . it's .227.

Through Wednesday night's games, the National League had an over-all mark of .232, and the American was at .222. Combined, the hitters have recorded 5,722 hits in 25,183 times at bat for the aggregate .227 mark.

The Cincinnati Reds pace both circuits in team batting with a .255 mark while Boston heads the American with .236. The lowest are the New York teams, the Mets with .209 in the National and the Yankees with .203 in the American.

Showers Forecast At Indy

INDIANAPOLIS, Ind. (AP) — Rain, which has washed out days of practice for the Indianapolis 500-mile race and limited last Sunday's qualification runs to one, threatens the final two scheduled days of time trials.

Only 16 of the 33 starting positions for the May 30 race are filled. And drivers who weren't ready for qualifications last weekend have had little time to tune their equipment this week.

SHOWERS

Tomorrow's Indianapolis area forecast is for scattered showers or thundershowers.

Officials of the Indianapolis Motor Speedway haven't said what they will do if tomorrow's and Sunday's trials are rained out.

If the trials are rain-postponed, qualification runs could be attempted almost up to the starting time of Thursday's race.

If the weatner permits enough 10-mile runs this weekend to complete the field, Speedway officials might not allocate additional time for trials.

On May 30 last year, the race was halted by rain after 18 laps but was completed the next day.

TOP MAN

Top qualifier in Saturday's runs was Joe Leonard, San Jose, who toured four laps in his Lotus turbine at an average of 171.559 miles an hour. Jochen Rindt, the only qualifier Sunday when weather allowed only 15 minutes of runs, put a Brabham-Repco into the lineup at 164.144.

Rindt's average was the slowest of qualifiers so far.

But few driver-racer combinations have been running consistently in that range during this week's testing.

Rain let up enough for only 40 minutes of practice at the Speedway yesterday.

Black Hawks Trade Vet Pierre Pilote

COMBINED AP & UPI

CHICAGO — It was a bittersweet deal for the Chicago Black Hawks but, in the long run, probably more sweet than bitter.

General Manager Tommy Ivan announced yesterday the trade of defenseman Pierre Pilote, a 12-year veteran of the Hawks, to the Toronto Maple Leafs for forward Jim Pappin, and added strength to the Hawks' front line.

The 36-year-old Pilote, captain of the Chicago team, has been an all-star for most of his seasons with Chicago.

Pappin, 28, comes to the Black Hawks after scoring 13 goals, with 15 assists for a total of 28 points in 58 games for the past season. He missed several games last season because of a dispute with the Maple Leafs management.

Ken Johnson Wins Prep Battle Twice

Redwood High School's star shortstop, Ken Johnson, is the 1968 Marin County Athletic League batting champion, according to final league statistics.

Johnson, a senior and 1967 All-Star, hit .485 with 16 hits in MCAL play, to .441 and 15 for runner-up Dave Edson of Terra Linda, his number one rival for a '68 All-Star berth. Don Alvarado of Drake, Robin Nelson of Tamalapis, Barry Beringer of Novato and John Kowski of Redwood also had 15 hits.

Gary Trono of Terra Linda led the league in runs scored with 12 and triples with three, while Edson had the most doubles, five, and Beringer led in runs batted in with 14. Nelson of Tam led in home runs, 3.

In pitching, the story was all Mike Timmel. Terra Linda's junior ace led the league in wins, innings pitched, and strikeouts while leading the Trojans to the championship and into the Redwood Tournament of Champions. Timmel won all but one of the Trojans' 11 MCAL victories, winding up 10-0 for the season, with 67 innings pitched and 81 strikeouts.

Novato's Russ Dillon, another brilliant junior pitcher, was runner-up in wins (6-1) and strikeouts (57) but gained some glory by edging Timmel for the earned run average title, with a 1.87 ERA to Timmel's 1.88. That close!

Redwood took the team batting title at .293, aided by Timmel's one-hit win over Novato on the final day that dropped the Hornets to .284.

Tar Nine Dominates All-Stars

The Tars filled six of 11 possible spots while champion Santa Rosa had four and Napa had one.

Making the select team for Marin were infielders Ron LaRuffa, Pat Puccinelli and Fred Daniele, outfielders Kevin Wilson and John Sjoblom and pitcher Ed Beckley.

Santa Rosa picks were outfielders Doug Urton and Ray Allena, infielder Rich Hopkins and pitcher Tom Shephard. Napa landed outfielder Chris Short.

Honorable mention honors went to Tars Bill Poole, Jay Capell, Bill Ingram and Joe Adams.

BOWLING TIPS

By DON CARTER

Bring the right hand as straight up as possible after the ball has been released. Aiming for this movement serves to improve control and increase pin action, for the ball will have been making correct moves before this point is reached.

Lester Ends McCoy's Win String

OAKLAND, Calif. (UPI)—Middleweight Jimmy Lester ended Ralph McCoy's unbeaten skein at seven last night with an eighth-round knockout at the Oakland Auditorium.

Lester of San Francisco had his Richmond, Calif., opponent on the ropes and was pounding away with both hands when referee Rudy Ortega stepped between them at 2:36 of the eighth.

There were no knockdowns in the furious battle, but Lester was ahead on all three cards through the seventh round. Both fighters weighed 159½.

For McCoy, formerly of Hamilton Field, it was the first professional defeat after seven straight knockouts. The former Air Force and Inter-Service champ had never been beaten in amateur ranks either.

The knockout was Lester's 25th and upped his record to 32-8-1.

Aaron Top Slammer

ATLANTA (UPI)—Hank Aaron, outfielder for the Atlanta Braves, leads major league players in production of grand slam home runs with a total of 11.

MARIN BOWLING NOTES

Posusney, Hoffman In Star Roles

By RALPH CHATOIAN

Rick Posusney and Bea Hoffmann stood head and shoulders over the bowling crowd today.

Rick, only 18, is a newcomer to trios bowling, in which teams of three bowl four games. In only his third night of bowling in the 550 Trios at Country Club Bowl, Rick went over the 900 plateau, with 25 pins to spare.

He bowled lines of 246, 223, 219 and 237 for his 925.

Bea started off the Sleepers Summer League at Country Club Bowl in pin-crunching fashion. She rolled her first 600 series . . . and what a series. Would you believe 672?

She just got better and better. First game 191, second 225, and third, 256. Her average is 153 . . . at least it was before that 672 boosted it up.

STRIKES TO SPARE — In the Merry Mixers League at Greenbrae Lanes, **Steve Komph** rolled his first 200, a 204, and **Eric Luna** had the weekly high, 232. . . . **Nancy King** almost had a triplicate in the Classy Lassies at Nave Lanes, 149-149-143. . . .

Kay Brem almost had one in the Sleepers at Country Club, 153-153-156, and **Claudia Gilboy** picked up the 3-5-7 split. . . . **Alice Kabanuck** converted the 2-7-10 split in the Wig League No. 6 at Country Club. . . . **Len Hollingsworth**, 159 average, rolled a whopping 632 series in the Hi Lo's at Country Club, games of 241, 199, 192. . . . **Mike Curry**, manager at Country Club Bowl, had games of 226, 222 and 213 for a very fine 661 in the 670 Scratch League.

THIS AND THAT — In addition to Posusney's 925 series in the 550 Scratch, the league had nine 800 series, led by **Ken Grout's** 850 and **Forry Wilson's** 844. Teamwise, the Filippo Construction team rolled a 717 game (**Joe Filippo** 248, **Grout** 235, **Wilson** 234). . . . **Norma Pedroli** rolled a 249 game and 583 series in the Keglerettes. **Is McPherson** rolled a 203-560 in the Toppers, and **Marlene Burke** has a 194—552 in the Scratch Trios, all at Country Club Bowl.

TOURNAMENT PLAY — The Water Works team, captained by **Varena Helbing**, has the lead going into the final weekend of the annual Marin County Mixed Team Tournament at Country Club Bowl. Last weekend, the team bowled 2,822, and with handicap of 441 pins, has 3,263, just a four-pin lead over second place Jolly Rogers captained by **Dan Clifford**. **Sam Ferry** has rolled the highest game, 264, while **Betty Nelson** tops the women with a 244. **Frank Helbing** has high handicap series lead, 822-96—918 for four.

Foster Favored To Beat Tiger

NEW YORK (AP) — Light heavyweight champion Dick Tiger spots towering Bob Foster age, height, weight and reach but not in heart tonight when they clash in a 15-round title fight at Madison Square Garden.

Foster's physical advantages and his punching power have combined to make the 29-year-old challenger from Washington, a 12-5 favorite over the 38-year-old defender from the Republic of Bafra. The odds could go down by fight time.

The bout is scheduled for 9:30 p.m., EDT. It will be telecast in some areas of the nation by Sports Network. New York will be blacked out of the telecast.

The FISHIN' FOOL

Camping-Fishing Directory Provided By The Government

STEVENS

Should you decide to take a camping-fishing vacation, and not know exactly what body of water to choose, how about spending 25 cents to get a very comprehensive booklet titled, "Camping in the National Park Systems" from the Department of the Interior, Superintendent of Documents, U.S. Government Printing Office, Washington, D.C. 20402.

This 1968 camping directory has been needed by many Californians who want to camp and fish in one or more of the 395 campgrounds with 28,807 campsites. The directory also lists the camping season for each area, OSC as well as facilities provided by the National Park Service and concession operators.

George B. Hartzog, director of the National Park Service, reminds all planning to camp in areas of the National Park Systems that reservations are not accepted for the campsites — it's first come first served, except for areas designed as group camps, for use by scouts, schools, and larger parties.

SHOOTING OF an air rifle with B.B. shot is usually considered "kid stuff," but actually it is for all age groups, including G.I. groups. Instead of M-16 rifles, the GIs are trained with Daisy B.B. guns, full-tize models. As the GI walks a jungle trail, an "enemy" suddenly pops up. If the GI doesn't hit the enemy first with a B.B., the enemy shoots him with a B.B.

AT HUTCHINSON, KANSAS, the 1967 event drew a large turnout for the championship finals. Thirty four state teams plus teams from Canada and Mexico. It isn't "kid stuff" after all, is it?

The event slated to be shot at Irving, Texas, culminates a year-long Shooting Education Program for boys and girls in the 7-14 age bracket and is co-sponsored by the Daisy-Heddon division of Victor Comptometer Corp.

The Shooting Education Program is designed to teach youngsters basic fundamentals of safe gun handling, accuracy and sportsmanship within the framework of a 13-week, supervised training session. Participants are given one-hour courses until they have completed the required number before they are allowed to shoot competitively.

ONE OF THE most attractive parts of this under-publicized sports program is that the youngster does not have to own any equipment. Another important factor is that it is open to boys and girls alike and even the physically-limited children can and do participate in the training program.

Seems like a very good program, doesn't it? If you wish more detailed information, contact: Ken Scrivner, Program Manager United States Jaycees, Box 7, Tulsa, Oklahoma 74102.

A Record 54 Points

NEW YORK (UPI)—Louie Dampier of the Kentucky Colonels established an American Basketball Association record by scoring 54 points on the final night of the 1967-68 season.

Corder Top San Jose Batsman

Tom Corder, a Marin County product, led the 1968 San Jose State baseball team in hitting with a .333 average, according to final statistics released by the Spartan athletic department.

Corder, a sophomore shortstop, played in all 39 SJS games and led the club in hits with 44, and doubles with seven.

The former Novato High star, one of 15 lettermen returning to the team next season, had another Marinite for a teammate. Senior catcher Ray Valconesi, former College of Marin standout, hit .250 and was second in runs batted in with 16.

THE WEEK IN BUSINESS

Bank Merger To Create Second Largest In State

The comptroller of the currency has approved the request of Pacific National Bank of San Francisco and Security First National Bank of Los Angeles to merge.

The resulting institution will be known as Security Pacific National Bank. Pacific National Bank, headed by Carl K. Schieck of San Rafael as president and chief executive officer, will become the Northern California headquarters of what will be the second largest bank in the state.

The merger was approved earlier by the respective boards and stockholders and is expected to be completed soon after midyear. The combined bank will have assests of $5.75 billion.

At present the Security Bank has 361 offices in California. Pacific National has just the one office in San Francisco which will retain its staff and will be used to expand the branch system into other parts of Northern California. Security First National vice president William E. Siegel has been elected president of the California Bankers Association.

COMMONWEALTH NATIONAL BANK of San Francisco and First San Francisco Bank shareholders voted approval this week of the consolidation previously passed by the directors of both banks. The new institution will be called Commonwealth National Bank, with combined assets of $55 million and four offices.

S. G. KRESGE CO. shareholders in Detroit have approved a three-ofr-one stock split amendment changing authorized common stock from 20 million shares of $5 par of 60 million shares of $1.667 par. The amendment will become effective at the close of business June 3. Directors have also declared a 25.5-cent cash dividend payable June 14 on the outstanding shares of the company's $5 par value common stock to holders of record on June 3.

DILLINGHAM CORP. of Los Angeles and Basalt Rock Co., Inc. of Napa have agreed on terms of the previously proposed acquisition of Basalt by Dillingham. The agreement is now subject to approval of each company's board of directors and Dillingham's stockholders.

UNITED STATES FREIGHT CO., the world's largest freight forwarding system, has reported its 32nd consecutive record quarter. Net income for the first quarter of 1968 reached $2,431,625 or 44 cents per share — up from $2,234,156 or 41 cents a share for the same period a year ago. Stock was split two-for-one last January. The company reported additionally $1,606,634 or 29 cents a share as a non-recurring gain on sale of securities.

FOREMOST-McKESSON, INC., following last week's announcement of a 50-per cent increase in the common stock dividend, has reported record earnings of $23,186,000 for the year ended March 31. After preferred stock dividends requirements, earnings amounted to $1.80 per average common share outstanding, compared with $1.70 per share for the previous year, calculated on a comparable basis.

McCULLOCH OIL CORP., Los Angeles, directors have declareda 5 per cent stock dividend payable Aug. 1 to shareholders of record July 1. It is the fourth consecutive year a stock dividend has been declared by the company, which is engaged in oil and gas exploration and production and in natural gas transmission. It is also the developer of Lake Havasu City, a master-planned light industrial resort community in Arizona.

PACIFIC SOUTHWEST AIRLINES has applied to the California Public Utilities Commission for air routes to connect Long Beach with San Diego, San Jose, San Francisco, Oakland and Sacramento. Proposed are four roundtrips daily for the Long Beach airport, to be increased as the demand warrants.

Car Shipping Costs Are Cut

TORONTO (UPI)—Canadian National Railways, which recently entered the field of transporting automobiles over long-haul routes to large centers, reports costs saving of $25 to $60 on shipping each car.

CN Vice President D. V. Gonder said "one contributing reason is that a shipment of 1,800 autos by highway trailer would require at least 300 drivers while the train needs a crew of only four per trip. That helps keep unit price down.

WILLIAM R. COSTELLO
Appointed Daly City manager

Macy's San Rafael Manager Reassigned

William R. Costello, manager of Macy's department store in San Rafael since it was opened in 1952, has been appointed to manage the company's new Serramonte store scheduled to open next fall in Daly City.

A native San Franciscan, Costello began his career with O'Connor-Moffat Co., San Francisco in 1926 as a stock boy. The store was sold to Macy's while he was serving in the Navy and upon his discharge he returned to San Francisco in the employ of the new management. He was a buyer and an executive in supply, store superintending and in the adjustment and correspondence departments before coming to San Rafael to manage the Albert's Department Store, which had been purchased by Macy's.

Costello was reared in Larkspur. His present home at 105 King Street was built by his father in 1897. He and his wife plan to continue living there after his transfer to Daly City.

No successor to manage the San Rafael store has yet been appointed.

Case Reports Earnings Up

RACINE, Wis. (BW) — Second quarter net earnings of J. I. Case Co. were higher than the comparable period of 1967 despite slightly lower sales, the company has announced.

Sales of $96,949,000 and net income of $1,682,000 were reported compared with 1967 second quarter sales of $97,798,000 and earnings of $1,054,000.

Six months totals registered net sales of $165,900,000 compared with $166,669,000 for 1967. Net income was $476,775, compared with $1,342,000 last year. Second quarter profits were sufficient to overcome the $1,204,000 loss of this year's first quarter.

Kern County Land Co. of San Francisco owns a controlling interest in Case.

SUCCESSFUL INVESTING

Diversification Should Improve On Inheritance

By ROGER E. SPEAR

Q. Three years ago I inherited 200 shares of U.S. Fidelity & Guaranty, then trading in the mid-60s. Now it's 20 points lower — what happened? Dividends are increased regularly and I'd like to hold for my old age unless you think I should sell some. — J.B.

A. Your company is a leader in casualty and surety underwriting, but insurance stocks have generally lost favor with investors who nowadays seem to want faster action. Historically, the industry goes through extended cycles of rising and falling price action and your shares are reflecting a cyclical downswing aggravated by the group's loss of favor among investors.

As this evidently is your only stock holding, I'd like to suggest that you sell 100 shares and divide the proceeds between two growth stocks which I have recently mentioned: Deseret Pharmaceutical (ASE) and Jewel Companies, a diversified retailer of food, drugs and general merchandise. This move should step up long-term capital gains in planning for your retirement. Jewel pays a cash dividend and Deseret follows a generous stock dividend policy.

Q. Could you please explain to me how much one would have to invest each month to realize a certain percentage on the money? — C.L.

A. Regardless of how much capital you invest or on what basis — lump sum or monthly investment plan — the highest percentage return you could hope to receive from dividends, consistent with safety, would average 5 to 5.5 per cent on common stocks and possibly 6 to 6.5 per cent on bonds. An investment of $1,000 could yield $50 to $65 a year, or $4.50 to $5.41 a month. Should you want to set up a monthly income of $300 — or $3,600 annually — you would need to invest $72,000 at 5 per cent. Dividend yields on stable companies tend to parallel bank interest rates although sometimes they may be somewhat higher. Conversely, they are lower in strong growth situations where earnings are plowed back into research and corporate expansion.

Wall Street Closes Up, Trade Heavy

NEW YORK (AP)—The stock market closed higher today after a session of gradual improvement. Trading was heavy.

Some big blocks boosted volume.

Glen Alden, up about a point, was the most-active stock by a wide margin.

Strong and active were McDonnell Douglas, Anaconda, Pittston Co., Bell Intercontinental, Hooker Chemical and Foster-Wheeler.

The market was mixed in early trading, grew firmer and closed at its peak for the day.

Prices near the close included:

Glen Alden, up ¾ at 15¾; McDonnell Douglas, up 2⅜ at 54⅜; Standard Oil (New Jersye), off ½ at 67¼; Anaconda, up 3⅛ at 48; Pittston Co., up 1 at 63⅜; Essex Wire & Cable, up 1⅝ at 57¾; Bell Intercontinental, up 1¾ at 16⅜; and First Charter Financial, off ½ at 28.

Volume for the first four hours was 9.66 million shares, compared with 9.06 million yesterday.

Glen Alden held a gain of about a point and paced the list on volume, thanks partly to a block of 80,000 shares. Wall Street reports were that it might move to complete its take-over of Schenley Industries as early as next week.

Prices continued to improve on the American Stock Exchange.

RECEIVES CITATION — Daniel F. Deedy, executive secretary of the Marin County Real Estate Board, has been cited by the director of the Office of Emergency Planning Washington, D.C., for his assistance in developing the California Emergency Resources Management Plan. A resident of Ross, Deedy became associated with emergency planning upon his appointment in 1965 to the Governor's Economic Stabilization Task Group by former Gov. Edmund G. Brown.

Candle Firm Ordered To Allow Union

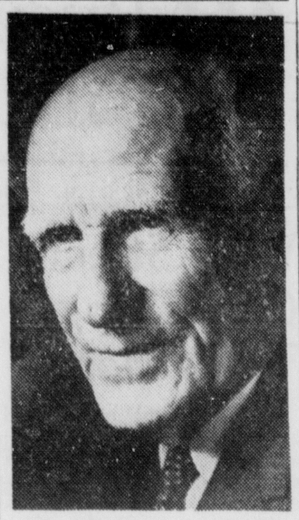
The National Labor Relations Board today ordered a San Rafael candle firm to recognize the Industrial, Technical and Professional Employees Division of the National Maritime Union, AFL-CIO, as bargaining representative for its employees.

In its order the board affirmed the findings of its trial examiner, James R. Webster, that Colonial Wax Products Division of Bictrylite Candle Co., Division of Victrylite Candle Co., 454 DuBois Street, was guilty of unfair labor practices.

Webster recommended last year that the firm bargain with the union as the exclusive bargaining representative for employees, and that an employee vote against union representation be set aside.

He recommended that the firm "cease and desist" from telling employees it would be futile to select the union to represent them, from interrogating employees about their union activities and from threatening closure of the plant if they selected the union to represent them.

In its ruling, the NLRB ordered the firm to take the action recommended by Webster.



DR. FRANK C. LAUBACH
To speak on literacy

Specialist On Literacy Will Speak

Dr. Frank C. Laubach, founder of Laubach Literacy, Inc., will speak at 8 p.m. Monday at Campbell Hall, Christ Episcopal Church, Sausalito.

Laubach, a nominee for the 1968 Nobel Peace Prize, invented his method of literacy teaching to teach Moro tribesmen in 1929. Since then it has been used in more than 100 nations to teach millions of illiterates to read.

Laubach is in the BayArea to open a Western area office of Laubach Literacy, Inc., a nonprofit organization, and to start a program to teach English to an estimated 5,000 Chinese and other in San Francisco who do not speak or read English.

Monday's speech, open to the public, is sponsored by the Sausalito Inter-Faith Council.

Recommendation Calls For New S.F. Stadium

SAN FRANCISCO (UPI)—The San Francisco Planning and Urban Renewal Association (SPUR) has recommended tearing down Candlestick Park and building a domed $42 million multi-purpose stadium south of Market Street.

The 77 acres occupied by the Candlestick Park complex would then be turned into a low-cost housing development under the plan announced today.

A. W. Barkan of SPUR said that a committee study indicated that the real costs of the plan would not be any more than the estimated $16 million it would take to renovate Candlestick Park.

Barkan said the report had been presented to Mayor Joseph Alioto and the next step is "up to City Hall."

Sanitary Board Accepts Deeds

The Novato Sanitary District Board accepted three deeds of of easement Wednesday at an adjourned meeting at the North Marin County Water District offices.

Deeds were accepted from Dr. John Elloway for a four-lot subdivision on McClay Road south of Center Road; from Trans America Title Co. for San Marin Unit 9 and from Milton Thun for a line on Simmons Lane.

The board paid $1,947.95 on the Novato pant pump station project.

It set June 10 and 24 for meeting dates next month.

Stinson Fire Budget Is About Same

The Stinson Beach Fire Protection District board has approved publication of a preliminary budget of $16,983 for 1968-69, nearly identical to the current budget of $16,460.

The district tax rate of 42 cents should remain the same or drop slightly because of increased property valuation, president Joseph F. Lawrence said.

The board also learned Wednesday that delivery of its new pumper truck is scheduled early next week. Equipment will include a public address system and a portable two-way radio available for use with any of the district's trucks.

One of the district's two existing trucks will be stationed, after delivery of the new truck, at the entrance to Seadrift, the board agreed. The truck will be manned by Seadrift custodian Fred Alpers who is on 24-hour call and who will become a member of the fire department.

The board also adopted uniform fire code regulations to conform with the Marin County Fire Department Code. Under the code, permitted hours for incinerator burning will be 7 a.m. to noon. A permit is required, and open burning is not allowed.

Cuban refugees arrive in Miami at a rate of almost 1,000 a week.

Hurricanes Get Names For 1968

MIAMI, Fla. (AP) — The first hurricane of the year, yet unspawned, was christened Abby yesterday.

She isn't expected until after June 1 when the hurricane season officially begins, but the weather watchers at Miami's hurricane center decided they would be ready with her name and names for her 22 sisters.

Brenda and Candy will follow Abby.

Then will come Dolly, Edna, Frances, Gladys and Hannah, which is as far as the names went last year as Heidi ended the hurricane season off the coast of Ireland.

Waiting if needed will be Ingrid, Janet, Katy, Lila, Molly, Nita, Odette and Paula. If those names are waded through, weatherman say batten down for Roxie, Stella, Trudy, Vesta and finally Wesley.
